**I.6. Main activity**

Other activity: Transport

---

**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

E01 Framework agreement for engineering design services.

Reference number: BU/21/7

**II.1.2. Main CPV code**

71311200 Transport systems consultancy services

**II.1.3. Type of contract**

Services

**II.1.4. Short description**

Procurement of E01 framework agreement for engineering design services.

Bybanen Utbygging, Bergen.

This procurement is for engineering design services outside the main engineering design services for construction stage 5, as well as individual assignments for ground surveys. The main assignments for engineering design services for construction stage 5 will be announced in separate contracts.

In addition Bybanen Utbygging can announce minor engineering design services in separate framework agreements at a later date.

The aim of E01 is therefore major engineering design services for, amongst other things, preparatory contracts and projects for construction stage 5, and also assignments for construction stage 4.

#### **II.1.6. Information about lots**

This contract is divided into lots: no

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

71311000 Civil engineering consultancy services, 71320000 Engineering design services, 71322000 Engineering design services for the construction of civil engineering works

#### **II.2.3. Place of performance**

NUTS code: NO0A2 Vestland

Main site or place of performance: Bergen

#### **II.2.4. Description of the procurement**

The light rail project is part of the 'Environmental Lift'; 'The Environmental Lift' is a joint term in the city growth contract for the Bergen area and the new toll money package. In the next 20 years we will develop a light rail, safer and better roads, cycle paths, pavements, and environmental streets. Together we will reduce traffic jams and climate gas emissions and ensure that everyone can easily and safely move around our city.

The first to third construction stages of the Light Rail run between Byparken in the centre of Bergen and Bergen Airport Flesland. This also includes a depot and a complete new workshop for all of the future light rail network.

The fourth construction stage will run from the city centre via Haukeland Hospital and Kronstad to Mindemyren and then through Løvstakken in a tunnel towards Oasen.

The fifth construction stage runs from the city centre through Åsane to Vågsbotn, together with a continual cycle route and an extension of the Fløyfjell tunnel to Eidsvåg.

This tender enquiry is for engineering design assignments outside the main engineering design services for construction stage 5, as well as individual assignments for ground surveys.

The main assignments for engineering design services for construction stage 5 will be announced in separate contracts.

In addition Bybanen Utbygging can announce minor engineering design services in separate framework agreements at a later date.

The aim of E01 is therefore major engineering design services for, amongst other things, preparatory contracts and projects for construction stage 5, and also assignments for construction stage 4. Tenderers must have good routines for interaction and sending documents to other engineering designers/executors at short notice.

The framework agreement is, thus, not exclusive and Bybanen Utbygging reserves the right to announce engineering design assignments instead of using the framework agreement.

The scope of the framework agreement is uncertain and will depend on further planning and the outcome of development plans, etc. Based on what the contracting authority currently sees, the scope is estimated to just under NOK 150 million, but the plans can be changed so that the scope is up to NOK 400 million. The estimated scope is not binding and Bybanen Utbygging is not obliged to have call-offs up to this scope.

#### **II.2.5. Award criteria**

Quality criterion - Name: Task solution / Weighting: 20%

Quality criterion - Name: Offered team / Weighting: 40%

Price - Weighting: 40%

#### **II.2.11. Information about options**

Options: yes

Description of options:

The framework agreement will be valid for 2 years, and can be extended for 3x2 years to a maximum of 8 years.

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

#### **II.2.14. Additional information**

### **Section IV: Procedure**

---

#### **IV.1. Description**

##### **IV.1.1. Type of procedure**

Negotiated procedure with prior call for competition

##### **IV.1.3. Information about a framework agreement or a dynamic purchasing system**

The procurement involves the establishment of a framework agreement

##### **IV.1.8. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: yes

#### **IV.2. Administrative information**

##### **IV.2.1. Previous publication concerning this procedure**

Notice number in the OJ S: [2021/S 127-338379](#)

##### **IV.2.8. Information about termination of dynamic purchasing system**

##### **IV.2.9. Information about termination of call for competition in the form of a periodic indicative notice**

The contracting entity will not award any further contracts based on the above periodic indicative notice

### **Section V: Award of contract**

---

**Contract No:** E01

**Title:**

Framework agreement for engineering design work.

A contract/lot is awarded: yes

#### **V.2. Award of contract**

##### **V.2.1. Date of conclusion of the contract**

14/12/2021

##### **V.2.2. Information about tenders**

Number of tenders received: 4

The contract has been awarded to a group of economic operators: no

**V.2.3. Name and address of the contractor**

Official name: Norconsult AS

National registration number: 962 392 687

Postal address: Postboks 626

Town: Sandvika

NUTS code: NO081 Oslo

Postal code: 1303

Country: Norway

Internet address: <http://www.norconsult.no>

The contractor is an SME: no

**V.2.4. Information on value of the contract/lot****V.2.5. Information about subcontracting****V.2.6. Price paid for bargain purchases****Section VI: Complementary information**

---

**VI.3. Additional information**

Mercell notice: <https://opic.com/id/afwiayxusu>.

**VI.4. Procedures for review****VI.4.1. Review body**
