Duration in years: 4

##### **Estimated total value of purchases for the entire duration of the framework agreement**

Estimated value excluding VAT:

Range: between 2 900 000 and 4 000 000 NOK

#### **II.1.5. Short description of the contract or purchase(s)**

Ringerike municipality invites to a tender contest for the delivery of carpentry works.

The framework agreement also includes minor engineering design services, execution and the necessary material for carrying out the service.

The work, both within execution and engineering design, can be of moderate difficulty. Errors and shortcomings can lead to moderate consequences for health, safety and the environment. Tenderers are only allowed to submit tenders for the entire contract. The municipality aims to enter into a contract with the three tenderers who score best in the award criteria, as long as the competition allows this. The framework agreements will be ranked in prioritised order in accordance with the award criteria. When there is a need for resources, Ringerike municipality will request assistance in accordance with the contract. Call-offs will primarily be made from the company ranked as number 1.

If the request cannot be met by this company, the call-off will be made from the next company in the ranking, and equivalently from the next company, if none of the first 2 can cover the need.

The framework agreement is mainly meant to cover the municipality's requirements in the agreement period. When larger orders are placed, of such nature that they can be defined as separate projects, the municipality reserves the right to obtain separate tenders thereof. The municipality also reserves the right to try other products/news from other suppliers if this is lacking in the agreement supplier's assortment.

The contract is for areas owned by the municipality and their companies, including, but not limited to:

- Administration buildings;
- Schools/before-and-after-school care;
- Nurseries;
- Nursing homes, old peoples home and rehabilitation centres;
- Houses;
- Treatment facilities and pump stations.

The contract can also be used in full by Ringerike Church Council.

More information on the procurement process and scope is included in annex no 1

Requirement specification.

The Contracting Authority uses Mercell Sourcing Service. To express your interest and gain access to any documents, please click on the link below or copy and paste the link into your browser. [<http://permalink.mercell.com/56928690.aspx>]. Then follow the instructions on the website.
