#### II.2.4. Description of the procurement

This contract notice communicates the contracting authorities' completion of stage 1 of the procurement process which has now established the pseudo dynamic purchasing system (PDPS) for the provision of urgent (parachute/caretaking) primary medical care services in accordance with NHS England Standard General Medical Services Regulations and alternative provider medical services directions, having full regard to the NHS England Primary Medical Care Policy and Guidance Manual (PGM). The contracting authorities invited responses from suitably qualified and experienced providers to apply to join the PDPS approved provider list and are issuing this contract award notice to communicate those organisations who were successfully appointed to the PDPS. This PDPS will be in place for a 5-year term commencing 1.12.2019, with an option to extend for a further 12 months. It covers

circumstances that may arise that require any of the named contracting authorities to put in place an urgent primary medical care services contract where, due to the time limitations, the contracting authority opts not to undertake an individual procurement process. (This is sometimes also referred to as a primary medical care 'Parachute' or 'Caretaking' service or 'Emergency Cover'). Bidders should therefore note that this PDPS places no obligation on the contracting authorities to procure services during the term of this PDPS. Potential bidders wishing to apply to enter for the first time, or to re-apply may do so on an annual basis. The contracting authorities intend to re-open the PDPS each year on the first working day in December. The subsequent opening dates are therefore: 2.12.2020, 1.12.2021, 1.12.2022, 1.12.2023, and if extended 2.12.2024. Potential bidders can apply to be added to the PDPS within the published annual timescales, until such time it is terminated. Closing dates for future rounds are: noon at 15.1.2021, noon 17.1.2022, noon 16.1.2023, noon 15.1.2024, and if extended noon 15.1.2025. The contracting authorities also intend to allow PDPS providers to update the information they have provided in their qualification questionnaire annually, requests for which must be made by 30th September of each year. It should be noted that these dates are expected dates at the time of issuing this contract award notice and may be subject to change. Each individual ITT for a call-off contract will include the detailed service specification and any required service elements relating to such call-off contract. The procurement documentation includes the relevant terms and conditions that may be utilised by the parties for subsequent call-offs under the PDPS (albeit contracting authorities are permitted to incorporate their own preferred forms subject to their ongoing compliance with the any relevant restrictions). The PDPS in itself is therefore not a contract; contracts are only formed when services are called-off under the PDPS.
