Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting authority

Framework agreement for fire-protection equipment and services.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 1: Maintenance and repair services

Main site or place of performance: Sør-Trøndelag, Norway.

NUTS code NO061 Sør-Trøndelag

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 4

II.1.5. Short description of the contract or purchase(s)

The Contracting Authority wants to enter into framework agreement with a tenderer for the delivery of fire protective equipment and services.

The Contracting Authority wants tender offers for the delivery of the following categories:

Fire protection (part A: equipment, part B: services).

The objective of the procurement is to enter into a framework agreement that shall cover the Contracting Authority's need for purchasing within the above mentioned product groups in the framework agreement period. There is a service element in fire protection i.a. a control and refilling of fire extinguishing devices shall be included in the agreement. Due to this the price form is divided into two: A for equipment and B for services. The procurement does not include: The municipalities that carry out the service elements of the fire protection category themselves will not be included in the agreement.

The Contracting Authority uses Merzell Sourcing Service. To express your interest and gain access to any documents, please click on the link below or copy and paste the link into your browser. [\[\[http://permalink.merzell.com/56037436.aspx\]\]](http://permalink.merzell.com/56037436.aspx). Then follow the instructions on the website.

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Requirement: The tenderer shall have his tax payments in order. Documented by: A certificate for Tax and VAT. The certificate must not be more than 6 months old when calculated from the deadline for submission of the application. Any arrears or other irregularities must be justified. If the tenderer is planning to engage sub-suppliers, certificates for them must also be submitted. In Norway the certificates are issued by The Norwegian Tax Administration. Tenderers from other countries shall enclose equivalent certificates from the country where the tenderer is established.

Requirement: Tenderers shall be a legally established company. Documentation: Norwegian companies: Company Registration Certificate. Foreign companies: Certificate verifying that the company is registered in a trade index or a Register of Business Enterprises, as required by the country where the tenderer is established.

III.2.2. Economic and financial ability

List and brief description of conditions: Requirement: The tenderer must have the economic capacity to carry out the assignment. Documentation: Credit appraisal/rating, not older than six months, which is based on the last known accounting figures. The rating must be carried out by a publicly approved credit rating institution. If the tenderer does not have access to take this out themselves, the Contracting Authority can do this.

III.2.3. Technical and professional ability

List and brief description of conditions:

Requirement: The tenderer shall have experience from a minimum of 2 equivalent assignments during the last 3 years. Documentation: Description of the tenderer's 2 most relevant assignments during the last 3 years. The description must include a statement of the contract's value, date and recipient (name, telephone number and e-mail address). The tenderers must substantiate the assignments' relevance through the description.

Requirement: The services that are to be provided must have a good and well-functioning quality assurance system. Documentation: A statement regarding the tenderer's quality assurance system/quality management system or a copy of the system certificate issued by accredited certification bodies, or similar documentation.

Requirement: The tenderer shall have a system for environmental management. Documented by: An account of the existing procedures regarding environmental management. If this is described in the organisation's quality or environmental management system in accordance with ISO 9001, and ISO 14001, or equivalent third party verified systems, it is sufficient to submit a valid certificate.

Requirement: The supplier shall have sufficient implementation ability and capacity.

Documented by: An account of the tenderer's average workforce during the last 3 years that the tenderer has at their disposal for the execution of controls, services and courses for this agreement/assignment.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

III.3.2. Information about staff responsible for the performance of the contract

Section IV: Procedure
