II.1.4. Short description of the contract or purchase(s)

The Directorate of Public Construction and Property requests tender offers on framework agreement for support, maintenance and development of 'Bygg for alle'.

'Bygg for alle' is The Directorate of Public Construction and Property's software tool regarding Universal Design (UD) in buildings. The tool contains modules for registering, management and public viewing.

The website 'Bygg for alle' gives the public information about Universal Design in buildings in a structured manner.

Universal Design is defined as design of products and surrounding in a manner that they can be used by all people, as much as possible, without the need for special adaptations. The aim is that construction work and outdoor areas are designed so that the main solutions are usable by all, as long as the special character or function of the building does not indicate otherwise. The measures are also considered against a cost and benefit assessment.
