The contract applies from the starting point that is set forth in the contract when both parties have signed the contract and runs until the assignment/delivery is completed in accordance with the requirement specifications.

## **Section III: Legal, economic, financial and technical information**

---

### **III.1. Conditions for participation**

#### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

Payment of taxes, VAT, and other public duties:

Norwegian tenderers: After tender submission, the tenderer must give consent for TendSign to obtain and for the contracting authority to receive information about the above via Tendsign. After tenderers have submitted their tenders in TendSign, they will receive a request from Altinn for consent to share the tax information. The consent is valid on an organisation level and is valid for 3 (three) months. If a tenderer does not give consent, the tenderer must attach a tax and VAT certificate. The certificate must not be older than 6 (six) months from the tender deadline. Any arrears or other irregularities must be justified. (Tenderers can obtain the electronic tax and VAT certificate itself and immediately receive it by email.) Foreign tenderers: Tenderers who are not established in Norway can present equivalent documentation issued by the authorities in the country where the tenderer is established. The certificate shall preferably be translated into Norwegian, but it will also be accepted in Swedish, Danish and English.

Credit Rating:

The contracting authority will carry out an appraisal of the tenderer's finances through CreditPro. Tenderers can attach other necessary information with their tender if the tenderer is of the opinion that Bisnode/CreditPro will not provide an accurate picture of the financial situation. The CreditPro service includes all Nordic countries. The contracting authority is not accepting credit ratings from other company and accounting information systems than CreditPro so that the Tenderers can be assessed on equal terms. However, for foreign tenderers outside the Nordic region, the contracting authority will use and accept a credit rating through Dun & Bradstreet Credit (via DNB, <https://credit.dnb.com/>). Tenderers that the contracting authority cannot find in the CreditPro system (or Dun & Bradstreet Credit for tenderers outside the Nordic region), for example, recently established companies that have not acquired a basis for a credit rating, must attach a declaration / guarantee from the parent company / owner / bank or similar financial institutions regarding the company's financial and economic position.

Minimum level(s) of standards possibly required:

Payment of taxes, VAT, and other public duties:

Tenderers must have their tax, payroll tax and VAT payments in order in accordance with the legal provisions, and tenderers must not have significant arrears.

Credit rating;

Tenderers must have the financial capacity to carry out the agreement. It is required that the supplier is creditworthy, at least A in accordance with the company and accounting information

system Bisnode AS ([www.soliditet.no/creditcontrol](http://www.soliditet.no/creditcontrol)) with the service CreditPro (henceforth referred to as CreditPro) or has the financial capacity to carry out the agreement based on the contracting authority's assessment.

### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

Quality management system:

Valid certificate in accordance with the requirements.

Environmental management system:

Valid certificate in accordance with the requirements.

Experience:

Completed annex "'Tenderer's Experience", or equivalent documentation with the same information.

Minimum level(s) of standards possibly required:

Quality management system:

A good and well-functioning quality assurance system is required for the services that shall be provided. Tenderers must therefore be certified for quality management, in the form of third party certification such as ISO 9001 or equivalent.

Environmental management system:

Tenderers must have routines and systems that ensure a low environmental impact.

Tenderers must therefore be certified for environmental management, in the form of third party certification such as ISO 14001, EMAS, Miljøfyrtårn [Eco-lighthouse], or similar.

Experience:

The tenderer, or the tenderer's employees are required to have experience from at least 2 equivalent assignments in the last 3 years. Equivalent assignments means the delivery of waste containers to public or private customers. The assignments must have a total value of minimum NOK 1,000,000 excluding VAT per assignment.

## **Section IV: Procedure**

---
