Framework for the purchase of electrical equipment and materials

Reference number: 58/2021

II.1.2. Main CPV code

31680000 Electrical supplies and accessories

II.1.3. Type of contract

Supplies

II.1.4. Short description

A framework agreement will be signed with a tenderer to cover the agency's need for electrical equipment and materials.

The agency has a continuous need for electrical equipment and materials to be able to carry out its daily tasks. There is an extensive need related to various product groups (including cables, fasteners, switches, sieving materials, power points, electric heaters, thermostats, incandescent lamps, fuse boxes, etc.).

All of the offered products shall be in accordance with standards and requirements to equipment for professional use.

The agency will need all types of electrical equipment and materials.

An overview of specified goods / products and product groups is also available in Appendix 3 Price form. The overview is not considered exhaustive.

Goods that are not listed in the price form and are excluded in the specified product groups but included in electrical equipment and materials, are referred to as unspecified goods.

For details see the tender documentation's attachements.
