

Norway-Oslo: Dam-design services

OJ S 55/2016 18/03/2016

Contract notice**Services****Directive 2004/18/EC****Section I: Contracting authority**

I.1. Name and addresses

Official name: Oslo kommune, Vann og Avløpsetaten (VAV) (Oslo municipality, the Agency for Water and Sewerage Works)

National registration number: 971185589

Postal address: Herslebs gate 5

Town: Oslo

Postal code: 0506

Country: Norway

For the attention of: Espen Erland

E-mail: postmottak@vav.oslo.kommune.no

Telephone: +47 02180

Internet address(es):

Address of the buyer profile: <https://kgv.doffin.no/ctm/Supplier/CompanyInformation/Index/3225>

Electronic access to information: <https://kgv.doffin.no/ctm/Supplier/Documents/Folder/141832>

Additional information can be obtained from:

the abovementioned address

Specifications and additional documents (including documents for competitive dialogue and a dynamic purchasing system) can be obtained from:

the abovementioned address

Tenders or requests to participate must be submitted: the abovementioned address

I.2. Type of the contracting authority

Regional or local agency/office

I.3. Main activity

Other: water and sewage

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Framework agreement: Consultancy services for waterway facilities.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Oslo.

NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 4

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT: 10 000 000 NOK

II.1.5. Short description of the contract or purchase(s)

Oslo kommune, The Water and Sewage Authority (VAV) is responsible for the management of waterway facilities connected to the water supply.

VAV is responsible for:

- 32 dams in the water supply
- 12 dams that have been in the water supply or have a cleansing effect in the waterway.
- 29 recreational dams
- 17 abutment dams/barrier dams
- seven transfer tunnels
- three bypass tunnels

With so many waterway facilities, there is continually a need for rehabilitation, re-evaluations, major inspections, flood calculations, dam breach wave calculations and assessments regarding classification.

VAV wants to enter into a four year framework agreement on consultancy services with a consulting company.

II.1.6. CPV code(s)

71322400 Dam-design services, 71631460 Dam-inspection services, 71300000 Engineering services, 71800000 Consulting services for water-supply and waste consultancy, 44212382 Floodgates, 71311000 Civil engineering consultancy services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

VAV tries to carry out one to two rehabilitation projects each year, and must have assistance from a consultant for engineering design and execution of these projects.

According to the regulation on dams, re-evaluations, flood calculation, dam breach wave calculations and technical plans shall be undertaken by persons with authorised qualifications in the relevant specialist fields.

Re-evaluations are part of Van's inspection programme, and on average two dams are re-

evaluated each year. The flood calculations shall be controlled and possible updated every 15 years.

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Start 15.6.2016. Completion 15.6.2020

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Tenderers shall be a legally established company.

Documentation:

— Norwegian companies: Company Registration Certificate;

— Foreign companies: Proof that the company is registered in a trade index or business register as prescribed by the law of the country where the tenderer is established.

III.2.2. Economic and financial ability

List and brief description of conditions: — The tenderer must have the economic capacity to carry out the assignment/framework agreement.

Documentation:

The company's last annual financial statement including notes, the board's annual reports and audit reports, including new information of relevance to the company's accounting figures and

Credit assessment/rating, not older than three months, and based on the last known accounting figures. The rating shall be carried out by an officially certified credit rating institution.

III.2.3. Technical and professional ability

List and brief description of conditions:

— Experience is required with detailed engineering design of dam facilities.

— Experience is required with flood calculations and dam breach wave calculations.

— Experience is required with the inspection of dams, hatches and tunnels and with stability calculations.

- Experience is required with detailed engineering design of hatches.
- Experience is required with the preparation of environmental reports/MOP regarding temporary draining of reservoir.

Documentation:

- A list of the most important deliveries and/or services performed during the past three years, hereunder information about the value, time frame, and the name of the public or private recipients. If the services were for public contracting authorities, this should be documented by certificates issued or confirmed by the authority concerned. If the services were for private contracting authorities, certificates should be issued or confirmed by these. In the absence of this, a declaration from the tenderer will be accepted.

Minimum level(s) of standards possibly required:

- Approval of NVE.
 - o The tenderer shall have responsible professional who are authorised for engineering design in all specialist fields (from I to V) and in all classifications (from 1 to four) in accordance with the dam safety regulation.

Documentation:

- List of consultants and services executed during the last three years, with value and time frame.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: yes

Reference to the relevant law, regulation or administrative provision: — Responsible professional must be authorised by Norway's Water and Energy Directorate (NVE).

- o The tenderer shall have responsible professionals that are approved for engineering design in all subject fields (from I to V) and in all classifications (from one to four) in accordance with the dam safety regulation (PPR-2009-12-18-1600).

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Negotiated

Some candidates have already been selected (if appropriate under certain types of negotiated procedures) no

IV.1.2. Information about the limits on the number of candidates to be invited

Envisaged minimum number 3: and Maximum number 5

Objective criteria for choosing the limited number of candidates: Qualification Requirements.

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated no

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

135/2015

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

17.4.2016 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

IV.3.8. Conditions for opening of tenders

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

17.3.2016
