Tenders or requests to participate must be submitted electronically via: www.tender24.de

I.6. Main activity

Electricity

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Offshore Wind Farm (OWF) He Dreiht - CM EOST

Reference number: EnBW-2023-0002

II.1.2. Main CPV code

76521000 Offshore installation services

II.1.3. Type of contract

Services

II.1.4. Short description

Employer's Offshore Service Team (EOST)

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

71631300 Technical building-inspection services, 71521000 Construction-site supervision services, 50710000 Repair and maintenance services of electrical and mechanical building installations

II.2.3. Place of performance

NUTS code: DEZ Extra-Regio NUTS 1

Main site or place of performance: German EEZ (German bight)

II.2.4. Description of the procurement

In order to comply with the Employer's obligations in relation to the interfaces and to ensure a smooth offshore installation phase for all components without disruption to the respective associated contractors, the tendering party plans to establish an Employer's Offshore Service Team (EOST) to carry out all necessary work accordingly.

The offshore works shall be performed by Teams of EOST members who will be offshore on a 12/7 basis throughout the entire installation phase of the He Dreih project. In addition, the EOST members shall be coordinated by a coordinator of the contractor who also acts as single point of contact for the Employer's construction management.

For the performance of the works, EOST members shall be provided by the tenderer who have the required qualifications and experience and can thus fully cover all required tasks. The tendering party reserves the right to reject people that do not comply with the requirements and qualifications listed in the ITT.

In the following sections there is a brief description of the works to be performed (non-exhaustive enumeration) and a preliminary time schedule. All dates may change slightly due to usual project delays. For all works, the tenderer expects between 3 and 9 EOST members. The required numbers will differ during the entire installation phase.

Expected time frame of the services is as follows:

- Start of services: Between 01.04.2024 and 01.06.2024 (flexible start date)
- End of services: 31.12.2025
- Option for prolongation

All described services might be required multiple times in different project phases.

1.2.1 Cleaning works

The task will be to keep locations clean throughout the entire installation phase to ensure safe access for all parties, including Employer's associated contractors. These cleaning works comprise (not limited to)

- Detection and removal of mold
- Detection and removal of bird dung

1.2.2 Coating repairs on TP and tower

Executed works comprise detection and repair coating damages on the TPs and the tower. EOST Members assigned to this task shall be certified (FROSIO coating inspector or equal).

1.2.3 General repair works

- Rectification of damages to ensure safe access (Such deficiencies may occur for example but not limited to the lighting (boat landing, service platform), self-closing gates, gratings, barriers around electrical installations, water inside TP, TP cover repairs, etc.)
- Repairs of Fall Arrest Systems (YoYos)

- Repair/replacement & disassembly of Temporary Seamarking Lights
 - Check/repair of earthing connections
- 1.2.4 Regular inspections
- comprise detection of deficiencies that require immediate rectification and
 - regular statutory inspections of equipment/appurtenances (e.g., not limited to, anchor points, ladders, fire extinguishers etc.)
- 1.2.5 Check (measurement and general condition) of the TP flange comprises measurement of
- Angular displacement
 - Overall and local flatness of inner and outer edge
 - Roundness
 - Ovality
- 1.2.6 Discontinuous Grout Monitoring
- comprises installation of the measuring device including cleaning of MP and TP surface before installation
 - Initial measurement by means of manual measurement
- 1.2.7 Removal of transport and installation equipment
- Removal of vertical jacks
 - Loosening bolted connections of lifting lugs
 - Removal of hoses of horizontal jacks
- 1.2.8 Davit Hoist
- Executive works comprise maintenance, repairs and checks.
- 1.2.9 Troubleshooting: IT/OT, Main Automation Contractor (MAC), 5G, On-shore/Offshore Multi Color System, Communication Devices
- 1.2.10 Supporting Services
- Supporting services mean the support the Employer and or its associated works contractors during several offshore operations. During these activities, the personnel of the Employer and /or one of his contractors are already present and the EOST only has to provide one or a maximum of 2 additional persons. These services comprise
- Condition ascertainties
 - Lists of open points/ Checks of rectified damages
 - Taking Overs of Associated Works Contractors
 - Support of installation/commissioning/maintenance of autonomous energy supply, radio link (bi-directional), TETRA/VHF radio system
 - Support of commissioning of low voltage (LV) system on the TP
 - Support of troubleshooting of ICCP and reference cells
- 1.2.11 Potential additional scope
- Scope that is not explicitly described but covered by the required qualifications of the EOST members.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 01/04/2024 End: 31/12/2025

This contract is subject to renewal: yes

Description of renewals:

Option for prolongation due to OWP construction delay

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

The employer reserves the right to increase the amount of needed team members

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

This Tender Process is managed by EnBW Energie Baden-Württemberg AG ("EnBW") on behalf of EnBW He Dreih GmbH (the "Employer"). The Employer is the owner of the Offshore Wind Park named "EnBW He Dreih" for which the Employer invites for tenders regarding various goods and services.

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Informational criteria:

- EnBW-Supplier number
- Contact person at the supplier
- Company Name
- Company Address
- Company Management board
- Legal form
- Founded in
- Necessary entries in the official directories/registers

Mandatory criteria:

- Necessary entries in the official directories/registers:

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Informational criteria:

- V.A.T. number
- Subscribed capital in Euro
- Group affiliation
- Consortium
- Number of employees in FTE (2019, 2020, 2021)
- Judgments, lawsuits, arbitration proceedings or other pending proceedings/claims
- Company shareholder of an utility
- Business liability insurance
- Personal damage coverage and personal damage coverage amount (insurance company and date of insurance policy)

- Material damage coverage and material damage coverage amount (insurance company and date of insurance policy)
- Property damage coverage and property damage coverage amount (insurance company and date of insurance policy)
- Material damage coverage and material damage coverage amount (insurance company and date of insurance policy)

Mandatory criteria:

- Annual financial reports for the past three years
- Financial information (2019, 2020, 2021)
 - > Revenue, in Euro:
 - > Profit before tax (EBIT), in Euro:
 - > Total assets, in Euro:
 - > Equity, in Euro:
- Declarations
 - > Declaration pursuant to § 123 of the Act against Restraints of Competition (GWB)
 - > Corresponding judgement or legally binding administrative decision due to §123 GWB
 - > Self-purification after responding judgement or legally binding administrative decision based on §123 GWB
 - > Declaration pursuant to § 124 of the Act against Restraints of Competition (GWB)
 - > Self-purification after responding judgement or legally binding administrative decision based on §124 GWB
 - > Affirmation of paying employees according to the legal requirements
 - > Declaration on required declarations and evidence
 - > Self-declaration due to Russia sanctions according to Regulation (EU) 833/2014

Minimum level(s) of standards possibly required:

- Annual financial reports for the past three years
- Financial information (2019, 2020, 2021)
 - > Revenue, in Euro:
 - > Profit before tax (EBIT), in Euro:
 - > Total assets, in Euro:
 - > Equity, in Euro:
- Declarations
 - > Declaration pursuant to § 123 of the Act against Restraints of Competition (GWB)
 - > Corresponding judgement or legally binding administrative decision due to §123 GWB
 - > Self-purification after responding judgement or legally binding administrative decision based on §123 GWB
 - > Declaration pursuant to § 124 of the Act against Restraints of Competition (GWB)
 - > Self-purification after responding judgement or legally binding administrative decision based on §124 GWB
 - > Affirmation of paying employees according to the legal requirements
 - > Declaration on required declarations and evidence
 - > Self-declaration due to Russia sanctions according to Regulation (EU) 833/2014

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Informational criteria:

- Compliance
 - > Organisational and procedural measures
- Sustainability/ Corporate Social Responsibility
 - > Principles of sustainable corporate governance

- > Publication of sustainability reports
- Occupational health and safety
- > Product range (occupational and operational safety, hazardous, biological substances)
- > Occupational health and safety standards
- > System to monitor and review compliance with Occupational health and safety standards
- Appropriate access to required competences
- > the company has an appropriate access to to required competences (personell) and a corresponding team of qualified employees which are required to provide the services; Job profiles shall be attached as examples.

Mandatory criteria:

- Proven track record for comparable Offshore Services: reference(s) of at least two comparable project(s), and briefly describe the corresponding scope.
- Confirmation of competence to coordinate offshore services - Coordinator
- > Project Name
- > Turn Over
- > Scope of Work description (detailed description of the different services)
- > Client
- > Location(s)
- >Period of execution
- Minimum Requirements for qualifications of Offshore Personnel will fulfill the minimum requirements for qualifications of EOST members (trainings will be detailed in the scope of work):
- > First Aid
- > Manual Handling
- > Offshore Safety Training incl. Boat Landing Training
- > Fire Fighting, Fire Awareness
- > Working at Heights
- > Helicopter Underwater Escape Training incl. CA-EBS
- > Confined Space Training
- > Electrical Instructed Persons (EuP)
- > Hoist Operation Training
- > Offshore induction

Minimum level(s) of standards possibly required:

- Proven track record for comparable Offshore Services: reference(s) of at least two comparable project(s), and briefly describe the corresponding scope.
- Confirmation of competence to coordinate offshore services - Coordinator
- > Project Name
- > Turn Over
- > Scope of Work description (detailed description of the different services)
- > Client
- > Location(s)
- >Period of execution
- Minimum Requirements for qualifications of Offshore Personnel will fulfill the minimum requirements for qualifications of EOST members (trainings will be detailed in the scope of work):

III.1.4. Objective rules and criteria for participation

List and brief description of rules and criteria:

Directlink to documents with Selection criteria: (URL) <https://www.tender24.de/NetServer/SelectionCriteria/54321-Tender-185e428b89d-195092c45dfdb24c>

III.1.7. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

within 30 days net

III.1.8. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

jointly and severally liable

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Negotiated procedure with prior call for competition

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.4. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 15/03/2023 Local time: 15:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

Date: 17/04/2023

IV.2.4. Languages in which tenders or requests to participate may be submitted

English

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 31/12/2023

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.3. Additional information

All request and communication shall be done through the AI bidding cockpit (AI Bietercockpit) via tendering platform "tender24".

Please be aware that question regarding the call for competition shall only be submitted latest February 24th 2023.

Due date for questions by tendering company: March 3rd 2023

The tendering company reserves its unilateral right to award a tenderer a contract based on initial or subsequent tenders received without requesting best and final offers (BAFO's).

VI.4. Procedures for review

VI.4.1. Review body

Official name: Vergabekammer Baden-Württemberg

Postal address: Durlacher Allee 100

Town: Karlsruhe

Postal code: 76137

Country: Germany

Telephone: +49 721-926-8730

Fax: +49 721-926-3985

VI.4.3. Review procedure

Precise information on deadline(s) for review procedures:

According to Section 160 (1) GWB, the public procurement chamber initiates a review only on request.

An application may, inter alia, be inadmissible if the candidate has not complained in due time of the alleged infringement of public procurement rules. Infringements recognized in the award procedure must be notified to the tendering company within ten calendar days (§ 160 (3) no. 1 GWB).

Infringements of procurement rules, which are recognizable on the basis of the notice, must be notified at the latest by the end of the participation period (§ 160 (3) no. 2 GWB). Infringements that can only be identified in the tender documents must be notified at the latest by the end of the offer period (§ 160 (3) no. 3 GWB). Furthermore, the petition for review is inadmissible if more than 15

calendar days have elapsed after receipt of the notification of the issuing undertaking to refuse to remedy a complaint (sec. 160 (3) no. 4 GWB)

VI.5. Date of dispatch of this notice

09/02/2023
