Section II: Object of the contract

II.1. Description

II.1.1. Title

Detailed engineering design — The project Clean Port Hammerfest.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Hammerfest.

NUTS code NO073 Finnmark

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

II.1.4. Short description of the contract or purchase(s)

The objective of the tender contest is to enter into an agreement regarding detailed engineering design of the project 'Clean Port'. The assignment includes all works and functions in connection with clearance work, application for a complete general permission for measures, and complete tender documentation for the engineering, procurement and construction of the clearance work. The clearance measures are described in the attached report named 'General measure planning in Hammerfest port' (prepared by Multiconsult, 2014). The action plan and supplementing surveys as well as ground surveys are the most central reports in relation to this assignment. Other relevant reports are also available. The estimated value of the assignment is between 1 500 000 NOK and 2 000 000 NOK, excluding VAT. The value is only an estimate and is not binding for the contracting authority. Since this is a joint venture project between Hammerfest municipality, Hammerfest Port Authority and the Norwegian Environment Agency, the contracting authority makes reservation that funding is granted from all involved parties. See part 2a, requirement specifications, for further information.

II.1.5. CPV code(s)

71320000 Engineering design services, 71000000 Architectural, construction, engineering and inspection services, 71240000 Architectural, engineering and planning services, 71310000 Consultative engineering and construction services
