## **Section II: Object of the contract**

---

### **II.1. Description**

#### **II.1.1. Title attributed to the contract by the contracting authority**

Purchase of apparatus and instruments etc.

#### **II.1.2. Type of contract and place of performance or delivery**

Works

NUTS code DK Danmark

#### **II.1.3. Information about a framework agreement or a dynamic purchasing system**

The procurement involves the establishment of a framework agreement

#### **II.1.4. Information about framework agreement**

Framework agreement with several operators

Maximum number envisaged maximum number of participants to the framework agreement  
: 175

#### **Duration of the framework agreement**

Duration in months: 48

#### **II.1.5. Short description of the contract or purchase(s)**

The Contracting Authority wants to consolidate all purchases of apparatus and instruments as well as laboratory furniture and related consumables, including software, after-sales services and service agreements in a number of framework agreements.

These agreements will substitute the agreements that the Contracting Authority currently holds with a number of suppliers based on two tenders, with a total of 25 lots, conducted and awarded in 2010.

Furthermore the Contracting Authority will in this tender procedure, and the subsequent purchases on basis of mini-tender procedures, have more focus on entering into service agreements with the suppliers where relevant and thereby submitting these service agreements to competition along with the apparatus or instrument.

Consolidation of these purchases is expected to generate a volume of approx. 100 000 000 DKK annually. However, the final volume of purchases depends on a number of aspects, in particular specific requirements, equipment that needs replacing as well as the grants awarded during the term of the framework agreement. The framework agreement holders are not guaranteed any purchases under the agreements.

Tenders are invited in respect of framework agreements with the following 26 lots:

1. Centrifuges
2. Super speed centrifuges, high speed centrifuges and ultra speed centrifuges
3. Cooling and freezing equipment for laboratories
4. Laboratory furniture
5. Laminar Air Flow benches and safety cabinets
6. Environmental chambers
7. Laboratory washing up machines and pipette washing machines
8. Autoclaves (table and floor models)

9. Industry autoclave
10. Incubators
11. Counters and analysis equipment
12. Electrophoresis instruments
13. Pumps
14. Chromatography solutions and other separation techniques
15. Mass spectrometers
16. Spectrophotometer
17. Robotic solutions
18. Equipment and instruments for analysis and purification of DNA, RNA, proteins and cells
19. Equipment and instruments for PCR, QPCR and real time PCR
20. Water treatment equipment
21. Advanced microscopes and accessories for research purposes
22. Simple microscopes for teaching purposes
23. Scales
24. Instruments and equipment for sample preparation
25. instruments for heat and cooling technology
26. NMR equipment

All natural and legal persons/entities affiliated with the Contracting Authority may make purchases under the framework agreements.

Delivery must be made to an address specified by the Contracting Authority, which may be to any of the Contracting Authority's addresses in Denmark.

#### **II.1.6. CPV code(s)**

38000000 Laboratory, optical and precision equipments (excl. glasses), 33000000 Medical equipments, pharmaceuticals and personal care products, 33152000 Incubators, 33191110 Autoclaves, 38433100 Mass spectrometer, 38510000 Microscopes, 39180000 Laboratory furniture, 42120000 Pumps and compressors, 42500000 Cooling and ventilation equipment, 42513100 Freezing equipment, 42931000 Centrifuges, 42931100 Laboratory centrifuges and accessories, 38431000 Detection apparatus, 38432000 Analysis apparatus, 42932000 Calendering machines, 42716110 Washing equipment, 42122000 Pumps, 38310000 Precision balances, 38430000 Detection and analysis apparatus

#### **II.1.7. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: no

#### **II.1.8. Lots**

This contract is divided into lots: yes

Tenders may be submitted for one or more lots

#### **II.1.9. Information about variants**

Variants will be accepted: no

### **II.2. Scope of the procurement**

#### **II.2.1. Total quantity or scope**

Consolidation of these purchases is expected to generate a volume of approx. 100 000 000 DKK annually. However, the final volume of purchases depends on a number of aspects, in particular specific requirements, equipment that needs replacing as well as the grants awarded during the term of the framework agreement. The framework agreement holders are not guaranteed any purchases under the agreements.

## II.2.2. Information about options

Options: yes

Description of options: Two extensions of the framework agreement period, each by one year.

## II.2.3. Information about renewals

This contract is subject to renewal: yes

Number of possible renewals: 2

## II.3. Duration of the contract or time limit for completion

Duration in months: 24 (from the award of the contract)

**Section III: Legal, economic, financial and technical information**

**III.1. Conditions related to the contract**

**III.1.1. Deposits and guarantees required**

**III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them**

**III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded**

**III.1.4. Contract performance conditions**

The performance of the contract is subject to particular conditions: no

**III.2. Conditions for participation**

**III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions: Grounds for exclusion.

Any candidate will be excluded from participation where that candidate:

- (a) has been subject of a conviction by final judgment in respect of participation in a criminal organisation, corruption or fraud or money laundering;
- (b) is bankrupt or is being wound up, where the candidate's affairs are being administered by the court, where the candidate has entered into an arrangement with creditors, where the candidate has suspended business activities or is in any analogous situation arising from a similar procedure under national laws and regulations;
- (c) is the subject of proceedings for a declaration of bankruptcy, for an order for compulsory winding up or administration by the court or an arrangement with creditors or any other similar proceedings under national laws and regulations;
- (d) has been convicted by a judgment which has the force of res judicata in accordance with the legal provisions of the country of any offence concerning the candidate's professional conduct;
- (e) has been guilty of grave professional misconduct proven by any means which the Contracting Authority can demonstrate;
- (f) has not fulfilled obligations relating to the payment of social security contributions in accordance with the legal provisions of the country in which the candidate is established or

with those of Denmark;

(g) has not fulfilled obligations relating to the payment of taxes in accordance with the legal provisions of the country in which the candidate is established or with those of Denmark;

(h) is guilty of serious misrepresentation in supplying the information required under this clause or has not supplied such information.

Documentation.

In order to prove that one or several of the aforesaid grounds for exclusion do not exist, the candidate must make a solemn declaration in the form of Template A concerning the grounds for exclusion mentioned above.

Please note that the solemn declaration must be completed by ticking the boxes and subsequently signed. A lacking or incorrect solemn declaration may mean that the request to participate will be deemed non-conforming and rejected.

At the request of the Contracting Authority, the candidate who the Contracting Authority intends to contract with is obliged to provide further documentation that one or several of the aforesaid grounds for exclusion do not exist.

Candidate's personal affairs.

Consolidated Act no. 336 of 13.5.1997 on the limitation of debtors' participation in public works contracts, etc., stipulates that, in connection with the purchase of goods and services, the public contracting entity must demand that any candidate make a solemn declaration stating to which extent the candidate has unpaid mature debt to any public authorities in the form of taxes, duties and contributions to social security schemes under Danish law or the laws of the country in which the Candidate has its registered office.

The Candidate must make a solemn declaration in the form of Template A attached to these instructions to candidates to be submitted together with the request to participate.

### **III.2.2. Economic and financial ability**

List and brief description of conditions: The Contracting Authority will only contract with financially sound entities as it is of material importance that the Candidate stays in business for the entire contract period.

Consequently, the Contracting Authority will take the following economic factors into account:

- the turnover of the candidate in the previous financial year,
- the solvency ratio of the candidate in the previous financial year.

Documentation.

The Candidate must complete Template B and enclose documentation showing the entity's turnover and solvency ratio in the most recent completed financial year. Such documentation can e.g. be the candidate's latest audited annual report or a statement from an independent auditor or a bank or other respected financial institution. This requirement may, however, be excluded, if the candidate is a start-up entity not yet having presented its financial statements. If the candidate is a consortium the documentation must be enclosed for each individual entity having presented financial statements.

The following formula is applied when calculating the candidate's solvency ratio:

$(\text{Capital and reserves} \times 100) / (\text{Total assets})$ .

### **III.2.3. Technical and professional ability**

List and brief description of conditions:

It is of decisive importance to the Contracting Authority that the candidate has the required technical capacity to act as a supplier to the Contracting Authority.

The candidate must document its technical capacity by providing the following documents and Template C in completed form:

- a) information on the lots for which the candidate is able and intends to submit a tender;

- b) information on the involved technicians or technical bodies, and in particular on those responsible for the quality control, irrespective of whether they are part of the candidate's business activities;
- c) description of the technical equipment and the quality measures taken by the supplier, and the entity's investigation and research facilities;
- d) information on the product range that the candidate generally offers. The Contracting Authority seeks to prequalify candidates that either offers a very wide range of products as well as candidates that offer few but highly specialised products;
- e) information on the service organisation of the candidate including information on the general measures taken by the candidate to ensure a high level of after sales services and support when a service agreement as such is not purchased as well as when it is purchased. The candidates should enclose relevant documentation and state the number of employees dedicated to service, general response times etc.

Documentation.

The documentation is to be submitted by completing Template C and enclosing relevant information.

#### **III.2.4. Information about reserved contracts**

#### **III.3. Conditions specific to services contracts**

##### **III.3.1. Information about a particular profession**

##### **IV.1.1. Type of procedure**

Restricted

##### **IV.1.2. Information about the limits on the number of candidates to be invited**

Envisaged minimum number 7: and Maximum number 15

Objective criteria for choosing the limited number of candidates: The Contracting Authority will prequalify companies best suited to perform the contract and ensure competition on the basis of the information provided by the Candidates pursuant to section III.2.2) and III.2.3). The Contracting Authority will look at the information provided as a whole, and it is in the interest of the Contracting Authority that the competition in the award phase is ensured. The products covered by the different lots have different purpose and target groups. Hence the Contracting Authority will differentiate in the way they select candidates for each lot. All Candidates will be assessed on the information provided by the Candidates pursuant to section III.2.2) and III.2.3). The Contracting Authority will however prioritise this information according to each given lot, and the Contracting Authority will seek to prequalify companies with one of the following profiles according to the specific lot:

- broad product ranges – expectedly larger companies with a significant turnover and positive solvency ratios,
- highly specialized product ranges – expectedly smaller sized companies with a lower turnover and moderate solvency ratios.

For each lot the Contracting Authority has listed the maximum number of prequalified candidates and framework holders as well as the selection criteria based on the above specified company profiles. See the Instructions for Candidates available at [www.brugertjenesten.dk](http://www.brugertjenesten.dk) for specific information on each lot.
