General public services

Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Procurement of a channel press for paper, cardboard, and plastic, etc.

Reference number: 22/05

II.1.2. Main CPV code

42636000 Presses

II.1.3. Type of contract

Supplies

II.1.4. Short description

The contracting authority would like to procure a channel press with a feed belt for use in waste management at the contracting authority. As a minimum, it must be possible to use the press for compressing and bundling paper, cardboard, plastic packaging, and agricultural plastic. Other fractions can also be relevant, according to the functionality of the offered equipment. We would like the press to have minimum 60 tonnes pressing power, tenderers must give their assessments and state reference installations. Other information is given in the requirements specification. The procurement will be regulated in the contract for supplies, cf. the attached contract draft. The contract will be signed as soon as possible with a delivery date in accordance with the submitted tender.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

39713300 Rubbish compactors

II.2.3. Place of performance

NUTS code: NO0A3 Møre og Romsdal

Main site or place of performance: Melsgjerdet 3, Ørsta.

II.2.4. Description of the procurement

The contracting authority would like to procure a channel press with a feed belt for use in waste management at the contracting authority. As a minimum, it must be possible to use the press for compressing and bundling paper, cardboard, plastic packaging, and agricultural plastic. Other fractions can also be relevant, according to the functionality of the offered equipment. We would like the press to have minimum 60 tonnes pressing power, tenderers must give their assessments and state reference installations. Other information is given in the requirements specification. The procurement will be regulated in the contract for supplies, cf. the attached contract draft. The contract will be signed as soon as possible with a delivery date in accordance with the submitted tender.

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

According to the procurement rules, the European 'ESPD service' must be used to qualify tenderers for the assignment. In addition to EU requirements and national requirements, tenderers must fulfil the following requirements:

- Tenderers must not have tax or VAT arrears.
- Tenderers are required to have a legally established company.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers are required to have the financial ability to fulfil the assignment.

Minimum level(s) of standards possibly required:

The minimum requirement is that the tenderer is credit worthy, and can refer to a turnover in the last three years that shows capacity for an assignment of this size.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Tenderers are required to have experience with equivalent installations for compressing and bundling for waste treatment plants in Norway.

Tenderers are required to have the implementation ability for this assignment, and the dealer must have a physical office in Norway.

Minimum level(s) of standards possibly required:

A reference list must be attached of the most important assignments in the last three years that are relevant for this assignment. This must include the customer's name, type and size of the installation, type of equipment that was delivered, and when the installation was ordered and delivered.

An overview must be attached of the employees at the dealer's office in Norway, as well as a short description of the production place and employees who are directly involved in the delivery.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

The terms will be regulated through a contract draft, annex 3 of this notice.

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes
