II.1.4. Short description

The contest is for a framework agreement for vehicle maintenance. This includes repairs, service, and periodic vehicle inspections (PKK). Lindesnes Municipality has approx. 160 vehicles, of which about 2/3 are part of a leasing contract. These cars have a separate service agreement. All types of vehicle maintenance can be included for the other vehicles. The municipality's water and sewage agency currently has approx. 5 vehicles in its duty scheme.

The expectation for these is that work is started on them on the same day that they are handed over the tenderer, with completion of the work as soon as possible. Tenderers must expect to provide a hire car in all cases when the vehicle is at the garage. Lindesnes municipality reserves the right to use special expertise on certain deliveries if this has clear advantages. The client reserves the right to carry out PKK, service and maintenance at the branddealer during the vehicle's warranty period, and to make updates and warranty work at the branddealer.
