General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

EEA 003-2022 Framework agreement, white goods, brown goods, small electrical equipment - two sub-contests

Reference number: 2022/19264

II.1.2. Main CPV code

39710000 Electrical domestic appliances

II.1.3. Type of contract

Supplies

II.1.4. Short description

Bergen Municipality and collaboration partners would like to enter into two framework agreements for the delivery of white goods, brown goods (TV/video, radio etc.), small electrical equipment (kitchen equipment, electrical household goods), climate and heating products etc. The contest consists of two sub-contests and tenderers must submit a tender for at least one of these:

1) Contest for the delivery of white goods, small electrical equipment, climate and heating products with accessories.

2) Contest for the delivery of brown goods (TV/video, radio etc.) with accessories.

Only electronic orders will be permitted for the contract that is signed with Bergen municipality.

Every week the tenderers must upload the relevant product catalogues, alternatively facilitate a 'punch-out' system where the orderer is led from the municipal e-Commerce platform to the tenderer's online shop.

Other collaboration partners are free to choose how they place an order. Most municipal collaboration partners use eCommerce.

II.1.5. Estimated total value

Value excluding VAT: 52 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: yes

Tenders may be submitted for maximum number of lots: 2

Maximum number of lots that may be awarded to one tenderer: 2

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers must be registered in a company register or trade register in the member state where the tenderer is established. As described in annex XI of directive 2014/24/EU; suppliers from certain member countries can be required to fulfil other requirements in the mentioned annex.

Minimum requirements for the qualification requirements:

Tenderers must be a legally established company. Documentation: Tenderers registered in the Norwegian Register of Business Enterprises do not need to enclose documentation. The contracting authority will inspect the registration by using the organisation number provided in the tenderer's Merccell profile. For tenderers that are not registered in the above-mentioned register, the tenderer must provide certificates or confirmation of registration (equivalent to a company registration certificate) in a trade register or company register as described in the legislation in the country where the tenderer is established. The certificate must not be issued more than 6 months prior to the tender deadline.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

- 1) Quality management system requirement.
- 2) Environmental management system requirement.

Minimum level(s) of standards possibly required:

ad 1. The contracting authority requires that all tenderers have an established quality management system that is satisfactory to ensure quality in the execution of this contract.

Documentation requirement: A description of the company's implemented quality assurance system. Certificates must be submitted for the company's quality management system, issued

by independent bodies, confirming that the company meets specific quality management standards, for example ISO 9001. If the company does not have a certificate, other documentation of the company's quality management system must be presented. In such cases, the following must, as a minimum, be submitted: * The system's name and a detailed table of contents * A general description of the system's contents, including an overview of check plans and check-lists that are relevant for this contract * An organisation chart that shows responsibilities in the quality assurance system * A description of procedures for internal control and handling deviations (work with corrective and preventive measures) * A description of how the system will be used to ensure quality in this contract. All submitted or collected documentation will form the basis for an overall evaluation of whether the qualification requirement is fulfilled.

ad 2. The contracting authority requires tenderers to have certification from independent third parties confirming that the tenderer has procedures and systems that ensure low environmental impact from the execution of the delivery. Documentation requirement: Tenderers must submit certificates from independent bodies that document an established and satisfactory quality management system. Documentation is required stating that the tenderer is environmentally certified in accordance with ISO 14001, is an Environmental Lighthouse company, is certified by EMAS, or is certified by equivalent third parties. If the tender does not have a certificate, other documentation of the tenderer's environmental management system must be presented. In such cases, the following must, as a minimum, be submitted: * The system's name and a detailed table of contents * A general description of the system's contents, including an overview of check plans and check-lists that are relevant for this contract * An organisation chart that shows responsibilities in the quality assurance system * A description of procedures for internal control and handling deviations (work with corrective and preventive measures) * A description of how the system will be used to ensure quality in this contract. All submitted or collected documentation will form the basis for an overall evaluation of whether the qualification requirement is fulfilled.
