Duration of the framework agreement

Duration in years: 4

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT: 15 000 000 GBP

II.1.5. Short description of the contract or purchase(s)

Procurement of telecommunication services is a core part of Janet(UK)'s business. Janet(UK) wishes to establish a framework agreement for Janet(UK) to use and to enable other Janet-connected organisations to place orders for telecommunication services under this agreement.

II.1.6. CPV code(s)

32000000 Radio, television, communication, telecommunication and related equipment,
64200000 Telecommunications services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: yes

Tenders may be submitted for one or more lots

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The framework agreements envisaged are for transmission services, including (but not limited to) leased circuits, dark fibre, wide area Ethernet and xDSL. Leased circuits and wide area Ethernet services are typically required at bandwidths of 10Mbit/s and above. Customers may wish to procure circuits with a range of bandwidths including lower bandwidth circuits. Whilst bidders might be asked to supply lower bandwidth circuits on occasion entry to the framework will be limited to bidders that can supply a minimum of 10Mbit/s circuits.

Whilst Janet(UK) welcomes tenders from bidders that have an extensive UK wide coverage it does not exclude bidders that have presence in just one region. This could be very important to our regional partners and serves to increase the diversity of choice in a particular area.

This procurement is divided into two lots. In Lot 1, Janet(UK) wishes to establish framework agreements with bidders that can supply managed transmission services and in Lot 2, Janet (UK) wishes to establish framework agreements with bidders that can supply dark fibre and facilities for locating Points of Presence (PoPs) .

The scope of the framework covers purchases by Janet(UK), Higher Education institutions, Further Education and Specialist Colleges and Research Council establishments in the UK, and by any other bodies whose core purpose is the support or advancement of further or higher education or of research.

Many of the above bodies are members of higher and further education purchasing consortia. These are independent organisations that provide a wide range of collaborative purchase agreements to their member institutions through consensus and the common desire to maximise their purchasing power in the market place. Any member of one of these consortia will be eligible to purchase from this Service by virtue of its membership, as will members of any other similar purchasing consortium in higher or further education that might be formed during the lifetime of the Service.

Membership lists for existing higher and further education purchasing consortia may be found at:
