Precise information on deadline(s) for review procedures: The bringing of court proceedings against the Authority after the framework agreement has been entered into will not affect the framework agreement unless grounds for the imposition of special penalties under the Public Contracts (Scotland) Regulations 2012 can be established. Otherwise the remedies that may be awarded by the courts where the framework agreement has been entered into are limited to the award of damages. Economic operators are entitled to write to the Authority after receipt of the notification should they require further clarification. The Authority will respond within 15 days of such a written request, but it should be noted that receipt by the Authority of such request during the standstill period may not prevent the Authority from awarding the framework agreement following the expiry of the standstill period. Where an economic operator is dissatisfied with the Authority's response to its request for clarification, or considers that the framework agreement has been concluded in breach of The Public Contracts (Scotland) Regulations 2012, such economic operator is advised to promptly seek independent legal advice.
