Works

1. Buyer

1.1. Buyer

Official name: Sekundarschulgemeinde Weinfelden (MLR Baumanagement GmbH)
Email: r.gubser@schuleweinfelden.ch
Legal type of the buyer: Body governed by public law, controlled by a local authority
Activity of the contracting authority: Education

2. Procedure

2.1. Procedure

Title: BKP 230 Electrical Installations | Extension of Gymnasiums TBS5, Weinfelden
Description: Subject of the Contract: As part of the project, the existing gymnasium will be extended by adding two additional floors for use as a secondary school. The extension will be constructed using timber element construction. The new/extended staircases will be built as double-shell structures in exposed concrete. The two-story extension will include 12 classrooms (one of which will be equipped as a learning space), 7 group rooms, and two staff rooms with a terrace. At the heart of the school, a single-story atrium (open to the outside climate) is designed. Special Conditions: The renovation will take place predominantly during ongoing operations. A complete closure of the gymnasium is only planned for the duration of the timber construction work for the extension Electrical Systems: Lighting will be implemented with LED fixtures to provide energy-efficient illumination. Automatic lighting controls and shading systems will contribute to optimized operation. Photovoltaics: The entire roof surface will be covered with photovoltaic modules to maximize solar potential. The building will be fully supplied with electricity from this yield, and it will also provide a significant power contribution to the existing school, where the surplus electricity will be fed in.
Procedure identifier: a2975c29-5545-4f61-9b6f-4f2101951bd7
Type of procedure: Open

2.1.1. Purpose

Main nature of the contract: Works
Main classification (cpv): 45214000 Construction work for buildings relating to education and research

2.1.4. General information

Legal basis:
Directive 2014/24/EU

5. Lot

5.1. Lot: LOT-0000
