Direct award

:

Justification for direct award: Contracts with estimated value below the procurement thresholds

Other justification: Reasons for awarding of contract without competition notice In accordance with the Public Procurement Regulations (FOA) §5-1 (1), which includes all procurements, this procurement will be made without a prior competition. After a thorough assessment, it is concluded that only Pohjaranta Oy fulfils the specific requirements that are set for this assignment. As the value of the procurement is below the national threshold, the Contracting Authority has chosen to publish this notice in accordance with the requirements on transparency and verifiability, as determined by the Public Procurements Act §4. This process ensures that the procurement is carried out in accordance with the basic principles of equal treatment, predictability and verifiability, despite not having a prior tender notice. DNO&B has used colour machines from Pohjaranta for many years. We depend on having a machine that can be stopped along the way for checking colour, and filling in more colour or chemicals. The machine must be in operation with a heating and open lid for graded colouring as well. By allowing us to adjust the temperature, water quantity and revs, our job is more efficient. In addition it stops in the correct position when we pause the machine. Deadline for objections Any objections to this decision are requested to be addressed via the Artifik platform within 10 days from the date of this notice.
