**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

Equipment procurement 3901 Holding tanks for iodine - New clinic and proton building at Radiumhospitalet [the Radium Hospital], Prequalification

**II.1.2. Main CPV code**

44611000 Tanks

**II.1.3. Type of contract**

Supplies

**II.1.4. Short description**

A holding tank system will be procured including toilets for handling of faeces from patients who are treated with I-131 in connection with thyroid gland cancer.

**II.1.6. Information about lots**

This contract is divided into lots: no

**II.1.7. Total value of the procurement**

Value excluding VAT: 9 264 788,00 NOK

**II.2. Description**

### **II.2.2. Additional CPV code(s)**

30232700 Central controlling unit, 38341000 Apparatus for measuring radiation, 39715300 Plumbing equipment, 44411700 Lavatory seats, covers, bowls and cisterns, 44611400 Storage tanks, 45215500 Public conveniences, 45330000 Plumbing and sanitary works, 48921000 Automation system, 51810000 Installation services of tanks

### **II.2.3. Place of performance**

NUTS code: NO081 Oslo

### **II.2.4. Description of the procurement**

A holding tank system will be procured including toilets for handling of faeces from patients who are treated with I-131 in connection with thyroid gland cancer.

Total activity on I-131 for 2019 was 450 GBq.

Planned total activity for I-131 in 2030 is 2255 GBq.

Maximum patient dose is 30 GBq with an average patient dose of 5 GBq.

Each patient will be isolated for around three days.

The isolation rooms will also be used for non-radioactive patients (newly operated patients etc.).

There is no clear Norwegian limit for permitted radioactive discharge from a tank system. The exception limits for I-131 as radioactive waste are 10 Bq/g and 10 kBq/year, but the hospital has allowance to exceed this limit. The hospital has permission per 2021 for emission of 650 Gbq/year (I-131).

The primary goal for this project is to reduce the radioactive waste as much as practically possible for the three isolation rooms.

See Annex F1U Price Document and Annex C1U Scope and Description for further information on the scope and content.

### **II.2.5. Award criteria**

Quality criterion - Name: Quality / Weighting: 62

Quality criterion - Name: Other (training, service and maintenance) / Weighting: 8

Price - Weighting: 30

### **II.2.11. Information about options**

Options: yes

Description of options:

See the tender documentation

### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

### **II.2.14. Additional information**

## **Section IV: Procedure**

---

### **IV.1. Description**

#### **IV.1.1. Type of procedure**

Competitive dialogue

#### **IV.1.3. Information about a framework agreement or a dynamic purchasing system**

#### **IV.1.8.**

## Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

### IV.2. Administrative information

#### IV.2.1. Previous publication concerning this procedure

Notice number in the OJ S: [2021/S 233-615059](#)

#### IV.2.8. Information about termination of dynamic purchasing system

#### IV.2.9. Information about termination of call for competition in the form of a prior information notice

## Section V: Award of contract

---

### Title:

Equipment procurement 3901 Holding tanks for iodine - New clinic and proton building at Radiumhospitalet [the Radium Hospital], Prequalification

A contract/lot is awarded: yes

### V.2. Award of contract

#### V.2.1. Date of conclusion of the contract

24/10/2022

#### V.2.2. Information about tenders

Number of tenders received: 1

Number of tenders received from SMEs: 0

Number of tenders received from tenderers from other EU Member States: 1

Number of tenders received from tenderers from non-EU Member States: 0

Number of tenders received by electronic means: 1

The contract has been awarded to a group of economic operators: no

#### V.2.3. Name and address of the contractor

Official name: Bravida Norge AS (hovedenhet)

Postal address: Østre akervei 90

Town: OSLO

NUTS code: NO081 Oslo

Postal code: 0596

Country: Norway

Telephone: +47 24048000

The contractor is an SME: no

#### V.2.4. Information on value of the contract/lot

Total value of the contract/lot: 9 264 788,00 NOK

#### V.2.5. Information about subcontracting

## Section VI: Complementary information

---

### VI.3. Additional information
