NUTS code UKK14 Swindon

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

Refuse disposal and treatment. Wood waste. Slag, dross, ferrous waste and scrap. Leather waste. Textile waste. Rubber waste. Waste-treatment plant construction work. Repair and maintenance of plant. Plant engineering design services. Refuse and waste related services. Non-hazardous refuse and waste treatment and disposal services. Household-refuse disposal services. Refuse recycling services. Training services. Vocational training services. Training programme services. Ash disposal services. Installation services of burners. Installation services of waste incinerators. Swindon Commercial Services Ltd is a wholly owned company of Swindon Borough Council. SCS is established for the purposes of carrying out trading pursuant to Section 95 of the Local Government Act 2003.

Swindon Borough Council is the sole shareholder of the Company and the Council exercises the power and decisive influence over both the strategic objectives and the significant decisions taken by SCS. The control exercised is specifically designed to support SCS's delivery of its agreed business plan to maximise opportunity and overall value.

Currently SCS is aiming to push forward in the waste industry and reduce its reliance on landfill.

To achieve this SCS is looking to procure, own and operate a Refuse Derived Fuel/ Solid Recovered Fuel plant on its site at Cheney Manor, Swindon.

This plant will be able to accept up to 100 000 tonnes per annum of a mixture of municipal solid waste (MSW) and commercial and industry wastes (C&I).

The fuel that will be produced from this plant will then be sent to a procured technology provider for best practical use of this fuel type.

The scope of any agreement is expected to include design, manufacture, installation /commissioning, training of operational staff, availability and supply of replacement part, materials and relevant services. The agreement may extend to include civil works, maintenance and elements of operation.

II.2.1.

Total quantity or scope

Swindon Commercial Services Ltd (SCS) wishes to submit to tender the requirements for the design, manufacture, supply, erection, commissioning and testing and traing of a Refuse Derived Fuel (RDF)/ Solid Recovered Fuel Facility (SRF) at Cheney Manor Swindon. The nominal value of this contract will be 6 000 000.

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

Swindon Commercial Services Ltd reserve the right to require deposits, guarantees, bonds, collateral warranties or other forms of security. Further details will be provided in the tender documentation.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

Swindon Commercial Services Ltd reserves the right in the context of a consortium, bidders to take a particular legal form or to require a single contractor to take primary liability or to require that each party undertakes joint and several liability. Bidders must provide full details of their proposed contracting structures.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: As detailed in the pre-qualification questionnaire.

III.2.2. Economic and financial ability

List and brief description of conditions: (a) appropriate statements from banks or, where appropriate, evidence of relevant professional risk indemnity insurance;
(b) the presentation of balance-sheets or extracts from the balance-sheets, where publication of the balance-sheet is required under the law of the country in which the economic operator is established;

(c) a statement of the undertaking's overall turnover and, where appropriate, of turnover in the area covered by the contract for a maximum of the last three financial years available, depending on the date on which the undertaking was set up or the economic operator started trading, as far as the information on these turnovers is available.

As detailed in the pre-qualification questionnaire.

Minimum level(s) of standards possibly required: As detailed in the pre-qualification questionnaire.

III.2.3. Technical and professional ability

List and brief description of conditions:

- (a) a list of the works carried out over the past 5 years, accompanied by certificates of satisfactory execution for the most important works. These certificates shall indicate the value, date and site of the works and shall specify whether they were carried out according to the rules of the trade and properly completed. Where appropriate, the competent authority shall submit these certificates to the contracting authority direct;
- (b) a list of the principal deliveries effected or the main services provided in the past 3 years, with the sums, dates and recipients, whether public or private, involved. Evidence of delivery and services provided shall be given: - where the recipient was a contracting authority, in the form of certificates issued or countersigned by the competent authority, - where the recipient was a private purchaser, by the purchaser's certification or, failing this, simply by a declaration by the economic operator;
- (c) an indication of the technicians or technical bodies involved, whether or not belonging directly to the economic operator's undertaking, especially those responsible for quality control and, in the case of public works contracts, those upon whom the contractor can call in order to carry out the work;
- (d) a description of the technical facilities and measures used by the supplier or service provider for ensuring quality and the undertaking's study and research facilities;
- (e) where the products or services to be supplied are complex or, exceptionally, are required for a special purpose, a check carried out by the contracting authorities or on their behalf by a competent official body of the country in which the supplier or service provider is established, subject to that body's agreement, on the production capacities of the supplier or the technical capacity of the service provider and, if necessary, on the means of study and research which are available to it and the quality control measures it will operate;
- (f) the educational and professional qualifications of the service provider or contractor and/or those of the undertaking's managerial staff and, in particular, those of the person or persons responsible for providing the services or managing the work;
- (g) for public works contracts and public services contracts, and only in appropriate cases, an indication of the environmental management measures that the economic operator will be able to apply when performing the contract;
- (h) a statement of the average annual manpower of the service provider or contractor and the number of managerial staff for the last 3 years;
- (i) a statement of the tools, plant or technical equipment available to the service provider or contractor for carrying out the contract;
- (j) an indication of the proportion of the contract which the services provider intends possibly to subcontract;
- (k) with regard to the products to be supplied: (i) samples, descriptions and/or photographs, the authenticity of which must be certified if the contracting authority so requests; (ii) certificates drawn up by official quality control institutes or agencies of recognised competence attesting the conformity of products clearly identified by references to specifications or standards

As detailed in the pre-qualification questionnaire.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

III.3.2. Information about staff responsible for the performance of the contract

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

competitive dialogue

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue
