Framework agreement with several operators

Maximum number Envisaged maximum number of participants to the framework agreement : 5

Duration of the framework agreement

Duration in years: 4

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT:

Range: between 450 000,00 and 1 350 000,00 GBP

II.1.5. Short description of the contract or purchase(s)

Bridgwater College is located in the heart of Somerset, with main centres in Bridgwater and Cannington. It also has outreach centres in Bridgwater (Angel Place), Wylde Road (Bridgwater), Lufton near Yeovil and Paignton Zoo.

The College has an excellent reputation both regionally and nationally as a highly successful provider of education and training. The College:

Is a Learning and Skills Beacon status College

Has been designated an Outstanding College by Ofsted

Received 11 National Beacon Awards in recent years

Meets the Matrix Standard for information, advice and guidance services

Has been accredited with the Training Quality Standard for provision to employers

Our examination and course results consistently place us amongst the best of all education and training providers in the South West.

Bridgwater College is seeking to appoint a contractor who can provide a reliable, efficient, auditable and cost effective waste collection, disposal and recycling service which complies with all current legislation and all legislation currently published in statute but not yet in force. The contractor appointed will also provide the necessary management information including uplift details, the weights of waste to landfill and recycling and make recommendations on how the existing arrangements can be improved and further cost savings achieved. A particular requirement is for the contractor to work closely with our students, involving them and educating them in waste management and recycling.

The College Sustainability Policy has the expressed objectives of promoting waste minimisation and to reduce the environmental impact of waste through beneficial recycling opportunities. The College requires reducing the quantity and cost of waste going to landfill by increasing the proportion of waste being recycled. The College wishes to pursue dry mixed recycling to improve its efficiency and effectiveness in recycling waste, and is open to innovative proposals from its contractors.

The College has in place a system for segregating cardboard, confidential waste and general waste paper. These services will be included in the contract. The College also generates other recyclable waste such as glass and plastic containers, print cartridges, aluminium and steel cans.

The College also generates amounts of special waste including:

Hazardous Chemical Waste (paints, laboratory chemicals, oils, thinners, break fluids and batteries), Redundant Electrical Equipment (IT Equipment, Fluorescent Tubes, Fridges), and Animal by-products (fish from aquaculture, small animals from Biology).

From time to time, the College requires the provision of skips for the disposal of furniture,

scrap metal items, wood and demolition products. It also requires the disposal and recycling of garden waste from our Grounds team. This includes but is not restricted to soil, branches, hedge-trimming and waste from ponds. There is also an Animal Centre and farm producing waste bedding, straw and sawdust.

The requirement will be divided into lots. Contractors may bid for one lot, more than one lot or all lots. It is essential when expressing an interest that contractors clarify which lot(s) they are interested in.

Lot 1- General waste and re-cycling.

Landfill waste.

Recyclable waste

Paper, cardboard, cans, plastics, tins, bottles, building timber, bricks, rubble, concrete, wood chippings, animal bedding (straw, wood shavings) animal waste hard feed, garden waste.

Lot 2- Recycling of Food Waste

100 litres of waste oil per month, 100 litres of waste food per month,

Lot 3- IT and electrical equipment

Computers, fridges, washing machines, phones, ink cartridge, empty toners, monitors

Lot 4- Hazardous chemicals

Paints, laboratory chemicals, oils, thinners, break fluids, anti-freeze , oiled rags, disposable gloves, oil filters, air filters

The Contractor shall remove all General Waste and Recyclate found within Holding Locations and at designated Kerbside Locations during collections.

The Contractor shall normally make collections from Holding Locations on Monday to Friday between 06:00h and 20:00h. The College does not wish to have collections between 8.15 am and 9.15 am because these are busy student arrival times. Collections out of these hours or on weekends may be made the specific request of the Waste Reduction Officer or designated representative only.

Agreed performance targets, shall include, but need not be limited to the following:

Removal of General Waste and Recyclate on agreed days and at agreed times;

Response times to queries / complaints;

Response times for additional or on demand collections;

Cleanliness of Holding Locations.

The Contractor shall ensure that service levels are maintained, monitored and reported on appropriately.

The Contractor shall provide the following Management Information for both General Waste and Recyclate to the College every month:

Date and time of each visit to each Holding Location;

Number and type of containers emptied at each Holding Location at each visit;

The weight of each stream collected from each Holding Location at each visit, as applicable;

The overall weights of General Waste and Recyclate collected from the College during each collection round;

The Contractor shall also provide a Management Information Report to the College every three months. As a minimum, the Report shall contain the following information for General Waste or Recyclate: The overall weight per month collected in the preceding 3 month period; Exceptions Report , report on compliance and non-compliance with agreed service and performance levels.

For all locations, the Contractor shall provide containers that are commonly available, are serviceable by standard collection vehicles and which comply with all current manufacturing and operating standards. A selection of sizes of such containers shall be used to provide the most appropriate and cost effective service at each Holding Location taking into account the volume and rate of waste arising, the space available, vehicle accessibility etc. The proposed

containers to be used at each Holding Location must be agreed with the College. The College shall, if necessary, decide which containers are used at Holding Locations, based on the list of containers provided by the Contractor.

Containers must have hinged lids and be lockable, leak-proof and vandal-proof. The Contractor shall provide and maintain containers in a clean, tidy state with a consistent colour scheme free of advertising apart from the Contractor name.

The Contractor shall clean each container with an appropriate cleansing agent at least twice per year or more frequently if odour or pests become a nuisance. The College shall determine what constitutes a nuisance.

The Contractor shall carry out all activities in strict compliance with current and prevailing legislation to include any amendments and all other statutory obligations or regulations and guidance as issued by EU and the UK .

This legislation shall include but not be limited to:

Animal ByProducts Regulations 2003;

Environmental Protection Act 1990 and all related Statutory Instruments and Regulations;

Environment Act 1995 and all related Statutory Instruments and Regulations;

Environment Protection [Duty of Care] Regulations 1991;

Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2004;

Control of Pollution (Amendment) Act 1989 and all related Statutory Instruments and Regulations;

Control of Substances Hazardous to Health Regulations 2002 (as amended)

Controlled Waste Regulations 1992;

Controlled Waste (Registration of Carriers and Seizure of Vehicles) Regulations 1991;

Health and Safety at Work Act 1974 and all related Statutory Instruments and Regulations;

Landfill (England and Wales) Regulations 2002;

The Landfill (Scotland) Regulations 2003 (as amended);

Transfrontier Shipment of Waste Regulations 1994, SI 1137

Waste Management Licensing Regulations 1994 (as amended);

Any current and future amendments to the above and all other statutory obligations not specifically referred to herein;

The Contractor shall ensure that its employees, subcontractors and agents at all times carry out all parts of the Service expeditiously and in strict compliance with relevant legislation and with Estates and Buildings and College Health and Safety policies and guidance.

The Contractor shall ensure that all vehicles used in delivery of the Service are regularly serviced and safety checked daily by fully trained and certified drivers.

The Contractor shall be fully compliant with and operate his vehicles with due cognisance of the requirements of the Road Traffic Act 1988 (as amended) and the Road Vehicles (Construction and Use) Regulations 1986 (as amended).

Contractors should express an interest and complete the Pre-Qualification Questionnaire.

Contractors who pass the PQQ stage shall be invited to tender. The marking scheme for the PQQ is described within the documentation.

Any questions should be sent to Sandra Howlett, Procurement Manager, through the In-Tend portal or howletts@bridgwater.ac.uk

II.1.6. CPV code(s)

90000000 Sewage, refuse, cleaning and environmental services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

II.1.8. Lots

This contract is divided into lots: yes

Tenders may be submitted for one or more lots

II.1.9. Information about variants

Variants will be accepted: yes

II.2. Scope of the procurement

II.2.1. Total quantity or scope

II.2.2. Information about options

II.2.3. Information about renewals

II.3. Duration of the contract or time limit for completion

Information about lots

Lot No: 1

Lot title: General waste disposal and re-cycling.

1) Short description

The College is seeking innovative, sustainable, cost-saving solutions.

Landfill waste.

Recyclable waste: Paper, cardboard, cans, plastics, tins, bottles, building timber, bricks, rubble, concrete, wood chippings, animal bedding (straw, wood shavings) animal waste hard feed, garden waste.

2) CPV code(s)

90000000 Sewage, refuse, cleaning and environmental services

3) Quantity or scope

4) Indication about different time frame or duration

5) Additional information about lots

Lot No: 2

Lot title: Recycling of Food Waste

1) Short description

The College is seeking innovative, sustainable, cost-saving solutions.

100 litres of waste oil per month, 100 litres of waste food per month.

2) CPV code(s)

90000000 Sewage, refuse, cleaning and environmental services

3) Quantity or scope

4) Indication about different time frame or duration

5) Additional information about lots

Lot No: 3

Lot title: Collection, and Recycling of IT and electrical equipment

1)

Short description

The College is seeking innovative, cost-saving and effective solutions.

Computers, fridges, washing machines, phones, ink cartridge, empty toners, monitors.

2) CPV code(s)

90000000 Sewage, refuse, cleaning and environmental services

3) Quantity or scope**4) Indication about different time frame or duration****5) Additional information about lots**

Lot No: 4

Lot title: Hazardous chemicals

1) Short description

The College is seeking legal, cost-effective and efficient waste management and innovative solutions.

Paints, laboratory chemicals, oils, thinners, break fluids, anti-freeze , oiled rags, disposable gloves, oil filters, air filters.

2) CPV code(s)

90000000 Sewage, refuse, cleaning and environmental services

3) Quantity or scope**4) Indication about different time frame or duration****5) Additional information about lots****Section III: Legal, economic, financial and technical information**

III.1. Conditions related to the contract**III.1.1. Deposits and guarantees required****III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them****III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded**

Terms and Conditions of Bridgwater College.

III.1.4. Contract performance conditions**III.2. Conditions for participation****III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers****III.2.2. Economic and financial ability****III.2.3. Technical and professional ability****III.2.4. Information about reserved contracts****III.3. Conditions specific to services contracts**

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Restricted

IV.1.2. Information about the limits on the number of candidates to be invited

Envisaged minimum number 8: and Maximum number 10

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

SHDH002

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Time limit for receipt of requests for documents or for accessing documents: 13.5.2013 - 12:00
Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

13.5.2013 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

23.5.2013

IV.3.6. Languages in which tenders or requests to participate may be submitted

English.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

IV.3.8. Conditions for opening of tenders

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

Official name: As above

Body responsible for mediation procedures

Official name: As above

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

Official name: As above

VI.5. Date of dispatch of this notice

4.4.2013
