II.1.4. Short description of the contract or purchase(s)

Supported by the Coventry and Warwickshire Local Enterprise Partnership (LEP), Coventry University will be opening the National Transport Design Centre (NTDC) at its Technology Park in spring 2017. The centre will focus on design research, post-graduate education and industry engagement, both with Original Equipment Manufacturers (OEMs) in the transport sector (automotive, rail, marine and aerospace), suppliers in those sectors and potential new entrants. The facility will be equipped with industrial standard, state-of-the-art equipment, to ensure that NTDC can offer high-quality design solutions, both physical and virtual, based on the outcomes of Coventry University's design research. We require a supplier to supply and

installation of a Milling Machine. The Milling Machine will be used to support our research activities and is not intended to be used within the context of daily commercial usage. We require a Milling Machine that can facilitate the demands of an ever evolving R&D sector. We have a budget of between 500 000 GBP and 833 000 GBP (excluding VAT). For this budget we require the supply, installation, training and an on-going warranty: to include a 1 year warranty, plus the option to extend annually for a further 2 years. We would also like the option to extend the warranty on an annual basis, for additional years. If additional funding becomes available, we may also wish to enhance the Milling Machine further. This contract has not been divided into lots due to the technical nature meaning we will require the same supplier who supplies the Milling Machine, to also install and maintain this new facility.

VI.3.2. Review procedure

Precise information on deadline(s) for review procedures: Coventry University has incorporated a 10 calendar day standstill period following the date the award of the framework was communicated to tenderers. This period allowed unsuccessful tenderers to seek further

debriefing from the contracting authority before the contract was entered into. If any appeal regarding the award of a contract has not been successfully resolved the Public Contracts Regulations 2015 (as amended) provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be brought promptly (generally within 3 months). Where a contract has not been entered into the Court may order the setting aside of the award decision or order the authority to amend any document and may award damages. If the contract has been entered into the Court may only award damages.

VI.3.3. Service from which information about the review procedure may be obtained

Official name: High Court of England and Wales

Country: United Kingdom
