

DK-Hillerød: Seismic data acquisition services
OJ S 72/2013 12/04/2013
Contract notice – utilities
Works

Directive 2004/17/EC

Section I: Contracting entity

I.1. Name and addresses

Official name: Hillerød Varme A/S
Postal address: Ægirsvej 4
Town: Hillerød
Postal code: 3400
Country: Denmark
Contact person: Hillerød Varme A/S
For the attention of: Preben Dissing
E-mail: pd@hfors.dk
Telephone: +45 48231097

Internet address(es):

General address of the contracting entity: <http://www.hillerodforsyning.dk>

Additional information can be obtained from:

Official name: Rambøll Danmark A/S
Postal address: Hannemanns Alle 53, 2300 København S
Town: Copenhagen
Postal code: DK 2300
Country: Denmark
Contact person: Rambøll
For the attention of: Anders Almholt
E-mail: adea@ramboll.dk

Specifications and additional documents (including documents for a dynamic purchasing system) can be obtained from:

Official name: Rambøll Danmark A/S
Postal address: Hannemanns Alle 53, 2300 København S
Town: Copenhagen
Postal code: DK 2300
Country: Denmark
Contact person: Rambøll
For the attention of: Anders Almholt
E-mail: adea@ramboll.dk
Telephone: +45 51616271

Tenders or requests to participate must be submitted:

Official name: Rambøll Danmark A/S
Postal address: Hannemanns Alle 53, 2300 København S
Town: Copenhagen
Postal code: DK 2300 København S
Country: Denmark
Contact person: Rambøll
For the attention of: Anders Almholt
E-mail: adea@ramboll.dk
Telephone: +45 51616271

I.2. Main activity

Production, transport and distribution of gas and heat

I.3. Contract award on behalf of other contracting entities

The contracting entity is purchasing on behalf of other contracting entities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting entity

Sesimic Investigation.

II.1.2. Type of contract and place of performance or delivery

Works

Main site or place of performance: Hillerød, Denmark.

NUTS code DK021 Østsjælland

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

2D Seismic land acquisition services and seismic data processing of expected 35 to 45 km.

II.1.6. CPV code(s)

71352120 Seismic data acquisition services, 71352130 Seismic data collection services,

71352140 Seismic processing services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Information about lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

Seismic surveying on land investigating the possibility for establishing geothermal energy plant.

In order of 35 to 45 km of land 2D seismic acquisition and subsequent seismic data processing.

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

A bank guarantee will be requested. The bank guarantee should amount to 10% of the contract price.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

To be included in the invitation to tender.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

If a consortium of companies submit a joint tender the consortium is obliged to accept joint and several liability.

The consortium shall authorize one supplier to represent the consortium. If more than one economic operator submits a tender all the participating parties must submit their own documentation, cf. III.2) Conditions for participation.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

- Solemn declaration on punishable offences,
- Solemn declaration on debt. The participating parties can get a declaration regarding this by contacting the contact stated in Annex A.I.

III.2.2. Economic and financial ability

List and brief description of conditions: Financial statements dating three years back including information of the undertaking's overall turnover for the last 3 financial years available depending on the date on which the undertaking was set up or the economic operator started tradings as far as the information on these turnovers is available.

Minimum requirement: The supplier must not have negative equity.

III.2.3. Technical and professional ability

List and brief description of conditions: Requested information:

1. Quality, Health, Safety and Environment (QHSE) policy.
2. Company profile – to include, but not limited to, current and planned number of and size of seismic vibrators for land seismic profiling and organograms of organisational structure (particularly survey operation and technical support functions).
3. List of 2D land seismic acquisition experience in the last 5 years depending on the date on which the undertaking was set up. References must include target, location and client.
4. List of 2D seismic data processing experience in the last 5 years depending on the date on which the undertaking was set up. References must include target, location and client.

The above is intended to be a short process therefore contractor is requested to try and be concise with regards to the volume of documentation submitted.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

III.3.2. Information about staff responsible for the performance of the contract

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Restricted

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of the criteria stated in the specifications or in the invitation to tender or to negotiate

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting entity

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents

(except for a DPS)

Time limit for receipt of requests for documents or for accessing documents: ..

IV.3.4. Time limit for receipt of tenders or requests to participate

17.5.2013 - 10:00

IV.3.5. Languages in which tenders or requests to participate may be submitted

Danish. English.

IV.3.6. Minimum time frame during which the tenderer must maintain the tender

IV.3.7. Conditions for opening of tenders

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:

no
