VI.1. Information about European Union funds

VI.2. Additional information

(SC Ref:300631)

VI.3. Procedures for review

VI.3.1. Review body

VI.3.2. Review procedure

Precise information on deadline(s) for review procedures: The Scottish Ministers will incorporate a minimum of a 10-calendar-day standstill period at the point that information on the award of the contract is communicated to tenderers. This period allows unsuccessful tenderers to seek further debriefing from the contracting authority before the contract is entered into. Applicants have 2 working days from the notification of the award decision to request additional debriefing and that information has to be provided a minimum of 3 working days before the expiry of the standstill period. Such additional information should be required from the address in point I.1) of the Contract Notice. If an appeal regarding the award of the Contract has not been successfully resolved, the Public Contracts (Scotland) Regulations 2012 provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rule to take action in the Sherriff Court or Court of Session. Any such action must be brought promptly (generally within 3 months). Where a Contract has not been entered into the Court may order the setting aside of the award decision or order the authority to amend any document and may award damages. If the Contract has been entered into the court may only award damages (the purpose of the standstill period referred to above is to allow parties to apply to the courts to set aside an award decision before the Contract is entered into).

VI.3.3. Service from which information about the review procedure may be obtained
