Electricity

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Delivery and support of an API Manager solution.

Reference number: WS1346738421 ELIA

II.1.2. Main CPV code

72000000 IT services: consulting, software development, Internet and support

II.1.3. Type of contract

Services

II.1.4. Short description

We are looking for an API Manager solution (APIM).

The product will implement standard APIM functions such as API access control, API protection, versioning and API governance, business value reporting, deployment flexibility, developer portal customization, ...

The product will support industry standard protocols (REST, gRPC, GraphQL) on the whole set of features.

APIM solution has to evolve continuously to support the existing set of Elia Group use cases and to support future (not yet known) use cases.

APIM product will be self-managed by Elia Group and can run both on premises (internal cloud) and on Elia managed public cloud subscriptions.

APIM product license(s) will come with support service(s) (24/7) to help Elia Group APIM center of expertise team to run, maintain and improve APIM services.

II.1.5. Estimated total value
