II.1. Scope of the procurement

II.1.1. Title

Analysis Services for Drinking Water, Sewage Water and Sludge, Operational Assistance in Telemark

II.1.2. Main CPV code

71900000 Laboratory services

II.1.3. Type of contract

Services

II.1.4. Short description

Operational assistance in Telemark (DAiT) is a cooperation between the municipality in gamle Telemark fylke [old Telemark county] (before the merger with Vestfold county 1 January 2020).

DAiT offers i.a. operating instructions, competence dissemination, accredited sampling at sewage treatment plants, preparation and maintenance of internal control as well as assistance in procurement of individual services for the municipalities related to water and sewage treatment plants. A competition for analysis services is being organised on behalf of 9 DAiT member municipalities.

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

To determine if tenderers have sufficient qualifications, the following criteria, requirements and documentation will be used. In addition to the documentation that tenderers have delivered, the contracting authority retains the right to obtain credit information about the participants and places emphasis on this. The company must be legally registered and be able to present a company registration certificate as documentation.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

The company must have a credit rating equivalent to good creditworthy, and otherwise have sufficient finances to carry out the assignment.

Minimum level(s) of standards possibly required:

The company's last annual financial statement or extracts thereof.

In cases where the company does not have the necessary qualifications, but relies on other suppliers to be qualified, equivalent documentation must be enclosed for them.

The credit rating can be undertaken as part of the evaluation of the tender offer.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Laboratories will be requirement to be accredited for the offered analyses and they must be able to document that they can organise collection of samples and safeguard proper transport of samples between collection locations and the performing laboratory.

Minimum level(s) of standards possibly required:

See the tender documentation.

III.1.4. Objective rules and criteria for participation

List and brief description of rules and criteria:

All parts of the competition must be fulfilled and tenders must be submitted within the deadline.

If one or more of the qualification requirements are not submitted in accordance with the expectations set in the tender documentation, this provides a basis for not including the offer further in the competition.

III.1.6. Deposits and guarantees required

No

III.1.7. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the tender documentation.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

See appendix 1 contract DAiT.

III.2.3. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure
