III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

All economic operators provided for by art. 45 of Legislative Decree No 50/2016, including competitors specifically and temporarily grouped pursuant to art. 45, paragraph 2, lett. d) of Legislative Decree No 50/2016 and aggregations between companies adhering to the network contract pursuant to art. 45, paragraph 2, lett. f) of Legislative Decree No 50/2016, according to the procedures indicated in the tender regulations.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Companies and/or groupings and/or networks specialized in the production of the products for which they are applying to compete are allowed to participate. To this end, each competitor must declare / demonstrate possession of the following minimum requirements:

(a) certification certifying compliance with the UNI EN ISO 9001-2015 standards, currently valid, issued by an accredited ACCREDIA body or another body in mutual recognition, relating to the reference sector IAF 04, or self-certification by the legal representative or a proxy having the powers necessary to represent them, drawn up pursuant to and for the purposes of the DPR n. 445/2000 and with the procedures set out in art. 38, paragraph 3 certifying its possession;

(b) specific turnover: list of supplies made in the 3-year period 2018-2020, relating to finished products similar (for construction techniques, similarity and intended use) to those under contract, whose annual average must be at least EUR 1 074 283.20. The list must contain a detailed indication of the type of products, amounts invoiced, dates of contracts and beneficiaries.

The Administration reserves the right to arrange technical inspections at the competitors' premises, including secondary ones, to verify their technical capacity. The related costs are borne by the competitor.

The minimum levels of technical and economic capacity are justified by the objective complexity of the supplies (in terms of procurement and delivery times of finished products, especially for the request for any '5th urgency' or 'additional 5th').
