II.1.5. Short description of the contract or purchase(s)

The sixth form colleges with national vocational subjects with training offers for site engineering and site machine mechanics plans to procure 6 3-axled articulated dumper trucks. Tenders are thus requested for 3-axled articulated dumper trucks with a load capacity of approx. 20 tons. The sixth form colleges mainly have excavators in the weight class 12 - 15 tons and require, therefore, dumper trucks that are of an equivalent size as the other machines. So as to have flexibility for moving between the training arenas, it must be able to register the dumper trucks and drive them on public roads.

The dumper trucks shall also be used for site machine mechanics' education.

Access to, and training in the digital system for troubleshooting/diagnostics, as well as reading user data will, therefore, be of decisive importance. In addition access is wanted for relevant components/models for pupil training.

The announcement is shared by all of the schools, but each individual schools is responsible for financial settlement for their machine. Thus 6 individual contracts must be prepared.
