2.1. Procedure

Title: Data Catalogue solution

Description: Traffic Management Company Fintraffic Ltd ("Procurement entity") acquires a common Data Catalogue solution for use by all group companies in Fintraffic Group (thereinafter Fintraffic). The Data Catalogue solution will be acquired as a Service. The object of the procurement includes also implementation projects with configurations, integrations, API integration for selected end-user environments, as well as support services for key personnel specified by the Procurement entity. The term "Services" will be used to refer to solution and services. The object of the procurement with the requirements and commercial terms is described in more detail in the appendices of the call for tenders. The price-quality comparison criteria to select the most economically advantageous tender is described in more detail in the call for tenders. The procurement entity will select one contracting partner (Supplier). The estimated value of the contract for 48 months excluding VAT is EUR 960,000. The Procurement entity reserves the right to reject any tender whose reference price exceeds the estimated value allocated to the budget.

Procedure identifier: dc6b41a2-4d53-4eb3-87fc-5982be3d8747

Internal identifier: RAIDE-000612

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: The procurement complies with Finnish law on public procurement and concession agreements 1397/2016 ("Procurement Act"). <https://www.finlex.fi/fi/lainsaadanto/saadaskaannokset/2016/eng/1397> The tendering phase of this procurement will be conducted in accordance with the open procedure described in § 32 of the Procurement Act. In an open procedure the contracting entity publishes a contract notice and places a call for tenders (this document with all appendices) for the receivable, on which basis all prospective suppliers may submit their tenders. The terms of the procurement contract are not negotiated during the procedure, but all minimum procurement terms and selection criteria are stated in the call for tenders.

2.1.1. Purpose

Main nature of the contract: Supplies

Additional nature of the contract: Services

Main classification (cpv): 48000000 Software package and information systems

2.1.2. Place of performance

Anywhere in the European Economic Area

Additional information: The tenderer must take into account the conditions and requirements stated in the call for tenders and its appendices, which may limit the location where the contracting partner can process personal data or data concerning the procurement unit.
