II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

HDO's responsibility covers the operation, maintenance and user support for the services, systems and hardware included in the delivery for the new emergency network. This is seen to be by HDO's operational and user support, where central monitoring has been set up for all control rooms (including computer halls) as well as the possibility of remote controlling emergency network related equipment in the control room.

HDO is in the process of procuring and implementing equipment for remote programming for software updates for their Sepura Tetra radios connected to the emergency network for health. The system that shall now be implemented presumes that the equipment is placed in different locations and that it is possible to connect with a centrally placed server at HDO. The server has software for the Sepura Tetra radios. This means that the equipment shall be automatic, without a need to operate a PC etc.

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The equipment that shall be procured is docking units/PODs for remote programming of Sepura radios. HDO currently uses the models STP9000 and SRG3900 from Sepura. A POD is necessary at all locations that use Sepura radios connected to the emergency network. These can be locations such as ambulance garages, ambulance boats, emergency centres, doctor surgeries etc. and other suitable locations for quick updating of radios.

HDO requests two different types of units, one shall have room for one radio and one shall have room for four or more radios. Either a POD with room for one radio or a POD with room for four or more radios will be located at the different locations. A single-space POD will be more relevant at locations where there are only a few radios in the area.

There are currently approx. 200 locations with Sepura radios. HDO will be obliged to procure a minimum of 100 PODs with room for four or more radios and 25 PODs with room for one radio.

II.2.2. Information about options

Options: yes

Description of options: Furthermore, HDO would like an option to procure a further 100 PODs with room for four or more radios and 25 PODs with room for one radio.
