VI.2. Additional information

Requests for tenders:

Due to the close-down over the Christmas and New Year period, copies of the ITT will be available from 5.1.2015 up to 2.2.2015.

Additional information: Please note that the requirement to which this notice relates comes under Logistic Commodities and Services (LCS), formed on 1 August 2011. LCS is determining the future strategy for all commodities and services within its remit and may in the future place a contract for the supply of services which may include the provision of articles (or services) which are covered by this notice. In this event the Authority may satisfy its requirement from the LCS service contract and no further orders will be placed against any framework arising from this notice. Alternatively, the Authority may appoint a Managing Agent to operate the framework/contract arising from this notice; novate the Agreement to a Managing Agent or third party; or assign the benefit of the Agreement to a Managing Agent. Further details are provided in the tender documentation.

The contracting authority considers that this contract may be suitable for economic operators that are small or medium enterprises (SMEs). However, any selection of tenderers will be based solely on the criteria set out for the procurement, and the contract will be awarded on the basis of the most economically advantageous tender. Suppliers interested in working with the Ministry of Defence should register on the MOD Supplier Information Database (SID) Register, available at www.contracts.mod.uk

The MOD SID is a database of active and potential suppliers available to all MOD and UK Defence procurement personnel, and is the main supplier database of MOD Procurement organisations. Please note: the registration and publication of a company profile on the MOD SID does not mean or imply that the supplier has in any way been vetted or approved by the MOD. Suppliers wishing to compete for advertised MOD contracts must respond to any specific call for competition by submitting a separate expression of interest in accordance with the instructions of the purchasing organisation.

From 2.4.2014 the Government is introducing its new Government Security Classifications Policy (GSC) to replace the current Government Protective Marking Scheme. A key aspect of this is the reduction in the number of security classifications used. All suppliers to the Department are encouraged to make themselves aware of the changes as it may impact on this Requirement. The link below to the Gov.uk website provides information on the new GSC. <https://www.gov.uk/government/publications/government-security-classifications>

The Authority reserves the right to amend any condition related to security of information to reflect any changes in national law or government policy. If any contract documents are accompanied by instructions on safeguarding classified information (e.g. a Security Aspects

Letter), the Authority reserves the right to amend the terms of these instructions to reflect any changes in national law or government policy, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies, or otherwise.

Advertising Regime OJEU: This contract opportunity is published in the Official Journal of the European Union (OJEU), the MoD Defence Contracts Bulletin and www.contracts.mod.uk GO Reference: GO-201548-DCB-6507278.
