## **Type of contract**

Services

### **II.1.4. Short description**

The procurement includes

- \* One (1) suitable content management system (CMS)
  - \* Redevelopment of websites in the CMS (redevelopment project) – based on specifications and drafts from the Climate Department [Klimaetaten].
  - \* Hosting, technical operations and maintenance of websites, including support and troubleshooting
  - \* System training
  - \* Project management
  - \* Developing/programming of new functionality or further development of the existing functionality
  - \* Other consultancy services necessary to ensure that the websites are user-friendly and of high quality suitable to the needs of the department
- See the requirement specifications in Annex 3 for detailed information on the services that are included in the procurement.

### **II.1.5. Estimated total value**

Value excluding VAT: 3 600 000,00 NOK

### **II.1.6. Information about lots**

This contract is divided into lots: no

## **II.2. Description**

### **II.2.2. Additional CPV code(s)**

48224000 Web page editing software package, 72400000 Internet services, 72415000 World wide web (www) site operation host services, 72420000 Internet development services

### **II.2.3. Place of performance**

NUTS code: NO081 Oslo

Main site or place of performance: Oslo

### **II.2.4. Description of the procurement**

The Climate Department [Klimaetaten] will upgrade its existing websites.

The procurement includes the delivery of a Content Management System, hereinafter referred to as CMS. The system will be delivered as a Software as a Service (SaaS). The service will be delivered such that the Contracting Authority does not need to install, update and maintain local software.

Hosting, operation, maintenance, training and consultancy will be accompanying services in order to ensure that the CMS platform functions as intended. The services are regulated as an SSA-L contract. The value of the SSA-L contract is set at up to NOK 800,000 excluding VAT. Upgrading of the existing websites for the Climate Department is also a part of the procurement, hereinafter referred to as the redevelopment project. The redevelopment project will be delivered in accordance with the drafts/architecture system described in the tender documentation,

The reconstruction project and other potential further development projects during the contract period are regulated as an SSA Framework Agreement. The value and maximum financial

ceiling of the framework agreement is set at NOK 2.8 million excluding VAT. Of this, the redevelopment project has a further financial framework of NOK 2 million excluding VAT. An SSA-T contract will be awarded for the redevelopment project, and may also be used for other development assignments of up to NOK 800,000 excluding VAT during the contract period. Contracts will be signed with one tenderer.

#### **II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6. Estimated value**

Value excluding VAT: 3 600 000,00 NOK

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months: 24

This contract is subject to renewal: yes

Description of renewals:

The framework agreement (SSA-R) applies for 2 years, with an opportunity for an option for a further 1+1 year. The ongoing service agreement (SSA-L) applies from the date of signing and for two years, and is renewed automatically for 1 year at a time unless cancelled by the contracting authority with 3 months notice before the renewal date.

#### **II.2.10. Information about variants**

Variants will be accepted: no

#### **II.2.11. Information about options**

Options: no

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds: no

#### **II.2.14. Additional information**

### **Section III: Legal, economic, financial and technical information**

---

#### **III.1. Conditions for participation**

##### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Tenderers must be a legally established company.

##### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial strength to be able to fulfil the contract.

Minimum level(s) of standards possibly required:

Creditworthiness with no requirement for guarantees will be sufficient to meet the requirement.

See the tender documentation for further information.

##### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

Tenderers must have sufficient relevant experience.

Tenderers must have sufficient implementation ability demonstrating that the contract can be fulfilled.

Tenderers must have a quality assurance system that is suitable for the delivery's complexity, risk, and goals.

See the tender documentation for further information.

Minimum level(s) of standards possibly required:

The tenderer's 3 most relevant references from the last 3 years must be provided.

A short and general description of the tenderer's business concept, core competence related to the scope of the delivery, organisation and ownership relationship, as well as a description of the current company.

A brief description of the overall quality assurance system that the tenderer will use as the basis for executing this contract must be provided.

See the tender documentation for further information.

## **Section IV: Procedure**

---

### **IV.1. Description**

#### **IV.1.1. Type of procedure**
