The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Project tunnel upgrade Northern Region — Sub Project 2.

II.1.2. Type of contract and place of performance or delivery

Works

Design and execution

Realisation, by whatever means of work, corresponding to the requirements specified by the contracting authorities

Main site or place of performance: Nordland and Troms.
NUTS code NO071 Nordland

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The tunnel upgrade project Northern Region is part of a national project that includes upgrading selected national road tunnels in accordance with the 'Regulations on minimum safety requirements for certain road tunnels' (Tunnel Safety Regulations).

The current national road tunnels in the Northern Region have different standards due to different construction periods and different measures will therefore need to be taken in the different tunnels. The tunnels in the Northern Region are spread over the entire region, but the majority are in the northern parts of Nordland. During project implementation focus will be on trying to achieve a uniform standard in the tunnels to the greatest possible extent, in relation to the requirements society has regarding safety and regularity.

The work in this contract is for the following tunnels on the stretch Fauske — Birtavarre:

Tømmernes tunnel: 722 metres;

Forså tunnel: 685 metres;

Fagernes tunnel: 2 069 metres;

Larsberg tunnel: 525 metres;

Skardals tunnel: 2 286 metres;

Isfjell tunnel: 3 246 metres.

The turnkey contractor is, in cooperation with the Builder, to undertake the engineering design services for the work, and, based on the engineering design services, agree a target price with a structure as stated in the tender documents. The site work will be carried out in accordance with the agreed target price.

The main amounts of the contract work are expected to be electro-technical installations, as well as site engineering work resulting from, or a prerequisite for, electro-technical installations.

II.1.6. CPV code(s)

51000000 Installation services (except software), 31000000 Electrical machinery, apparatus, equipment and consumables; lighting, 32200000 Transmission apparatus for radiotelephony, radiotelegraphy, radio broadcasting and television, 32400000 Networks, 32500000 Telecommunications equipment and supplies, 32550000 Telephone equipment, 35100000 Emergency and security equipment, 45000000 Construction work, 71000000 Architectural, construction, engineering and inspection services
