Services

Directive 2004/18/EC

Section I: Contracting authority

I.1. Name and addresses

Official name: NHS Brent Clinical Commissioning Group
Postal address: Wembley Centre for Health and Care, 116 Chaplin Road, Wembley, London
Town: London
Postal code: HA0 4UZ
Country: United Kingdom
For the attention of: Hasmita Patel
E-mail: hasmitapatel@nhs.net
Internet address(es):
General address of the contracting authority: <http://www.brentccg.nhs.uk>

I.2. Type of the contracting authority

Body governed by public law

I.3. Main activity

Health

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title

Whole Systems Integrated Care.

II.1.2. Type of contract and place of performance or delivery

Services
Service category No 25: Health and social services
Main site or place of performance: London Borough of Brent.
NUTS code UKI23 Outer London - West and North West,UKI London

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

II.1.4. Short description of the contract or purchase(s)

The Whole Systems Integrated Care (WSIC) model provides functions and services that support the coordination and integration of care for adults with long term conditions. Patients are identified through the GP registered lists in Brent and the model operates out of Primary Care, organised around the relationship between the GP and their patient. The overarching objective is to keep vulnerable people well in the community. The provider of WSIC will be expected to undertake:

a) Risk stratification and case finding — from the GP registered lists (cross-referenced with

partner caseloads).

b) Proactive care planning — care planning, goal setting, crisis planning and review for patients most at risk, in need or unstable.

c) Multidisciplinary case management — an enhanced mainstream care offer for care planned patients, with more intensive case management for a subset of this group as required.

d) Support to self-care:

I. Administration and use of a new patient activation measure — with results used to support the tailoring of care plans and care delivery;

II. Recruitment and piloting of Care Navigators working with GPs and colleagues to support patients and carers to access voluntary and community support in line with their self-care goals and care plan;

III. Staff training for GPs and colleagues in techniques such as Coaching for Health and Motivational Interviewing.

e) Development of multidisciplinary team working — alignment of team leaders from social care and district nursing. Inclusion of mental health and of voluntary and community sector representatives.

f) Weekly Complex Patient Management Groups (CPMG) — case management meetings hosted by each Network's Core Team with the participation of team leaders from Social Care and District Nursing.

g) Monthly Multidisciplinary Group meetings — hosted by and within each GP Network with the participation of individual GP practices, CPMG members and specialists as required.

h) Care Plan review — regular review and review in response to trigger events by the patient's own GP, with onward referral and case management as required.

i) Development of the operational management model — GP-led model of clinical supervision and governance; standard operating policies and procedures rolled out across Primary Care; management and analytics/information function with access to primary care data for shared quality monitoring and performance reporting.

j) Development of integrated health and social care data — production of a patient-level Integrated Care Record and use of this and other tools and dashboards produced by a new linked dataset with an agreed consent model led by the patients GP.

NHS Brent Clinical Commissioning Group (Brent CCG) has directly awarded the contract for WSIC service to the new partnership of the Brent GP Network Collaborative following its assessment of the provider as the most capable provider of the service in line with the NHS Procurement, Patient Choice and Competition Regulations 2013 and in light of Monitor's substantive guidance on those regulations.

Brent CCG is satisfied that the services to which the contract relates, will be most capably provided by that provider.

II.1.5. CPV code(s)

85100000 Health services

II.1.6. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

II.2. Total value of the contract/lot
