

134271-2026 - Contract modification

Spain – Engineering services – Engineering Services in the Area of Remote Handling
OJ S 40/2026 26/02/2026
Contract modification notice
Services

1. Buyer

1.1. Buyer

Official name: The European Joint Undertaking for ITER and the Development of Fusion Energy ('Fusion for Energy')

Email: niels.vandeven@f4e.europa.eu

2. Procedure

2.1. Procedure

Title: Engineering Services in the Area of Remote Handling

Description: The scope of the services is related to engineering and prototyping (manufacturing) activities foreseen to be implemented over the duration of the framework contract to support the development of the various ITER remote handling systems related to the European in-kind procurement. When ITER is not in operation, specific maintenance activities are performed by remote handling systems that are able to cope with the ITER environmental conditions, in particular radiation due to nuclear activation.

Procedure identifier: 6c0624fa-baf8-47a4-84b0-fedcab0ee48e

Internal identifier: F4E-OMF-1034

2.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 71300000 Engineering services

2.1.2. Place of performance

Town: Barcelona

Country subdivision (NUTS): Barcelona (ES511)

Country: Spain

Additional information: The tasks under the framework contract are mainly foreseen to be performed at the contractor's premises.

2.1.4. General information

Additional information: The list below gives an indication of the type of tasks that can be asked to be performed under this framework contract. Each specific contract shall specify what tasks are required to be performed by the supplier. A. Evaluation of remote handling design concepts and solutions including but not limited to the following: — field equipment including sensor systems, hydraulic and electromechanical actuators, viewing systems, optical systems, metrology systems, cabling and connectors, control systems, etc.; — feasibility, reliability, availability, remote maintenance, decontamination, inspectability, operability and safety assessment, — verification of Protection Important Components (definition of PIC related verification activities are in (AD-02) of Annex A to the framework contract), — evaluation of requirements management and verification activities; B. Review or production of technical documentation for remote handling systems and components including but not limited to the

following: — CAD models, drawings and schematics, technical specifications, safety evaluations, manufacturing sheets, calculations, analysis reports (operational, risk, integrated logistics or safety and hazard analysis), finite element analyses, etc., — review meetings, — on-site inspections at the ITER site or supplier premises; C. Execution of support activities including but not limited to the following: — studies related to design, manufacturing or assembly of remote handling equipment (as described in point a above) and their respective rescue systems, complemented by tests on procured mock-ups and/or components; — studies, development, integration and validation of software and hardware components of the remote handling control system — assessment/qualification within the nuclear engineering field of radiation tolerance of components, materials and systems related to confinement of, and shielding from radioactive sources.

Legal basis:

Directive 2014/24/EU

This procurement procedure is governed by the rules laid down by the Regulation (EU, Euratom) 2018/1046 referred to as the 'General Financial Regulation' (GFR); and (c) complemented, where it derogates, by the Financial Regulation for Fusion for Energy adopted by Governing Board decision of 10 December 2019. All legislation can be found in <http://www.fusionforenergy.europa.eu/procurementsgrants/keyreference.aspx> -

5. Lot

5.1. Lot: LOT-0001

Title: Engineering Services in the Area of Remote Handling

Description: The scope of the services is related to engineering and prototyping (manufacturing) activities foreseen to be implemented over the duration of the framework contract to support the development of the various ITER remote handling systems related to the European in-kind procurement. When ITER is not in operation, specific maintenance activities are performed by remote handling systems that are able to cope with the ITER environmental conditions, in particular radiation due to nuclear activation.

Internal identifier: F4E-OMF-1034

5.1.1. Purpose

Main nature of the contract: Services

5.1.2. Place of performance

Town: Barcelona

Country subdivision (NUTS): Barcelona (ES511)

Country: Spain

Additional information: The tasks under the framework contract are mainly foreseen to be performed at the contractor's premises.

5.1.3. Estimated duration

Duration: 48 Months

5.1.6. General information

Procurement Project fully or partially financed with EU Funds.

Additional information: This procurement procedure is governed by Reg.966/2012 as amended, Reg.1268/2012 as amended, complemented by the Financial Regulation of Fusion for Energy.

5.1.12. Terms of procurement

Terms of contract:

Electronic ordering will be used: no
Electronic payment will be used: yes

5.1.16. Further information, mediation and review

Review organisation: General Court (European Union)
Information about review deadlines: Within 2 months of notice of the award decision, you may launch an action for annulment of the award decision. Any request you may make and any reply from us, or any complaint for maladministration, will have neither the purpose nor the effect of suspending the time-limit for launching an action for annulment or to open a new period for launching an action for annulment. The body responsible for hearing annulment procedures is indicated in section 8.1 ORG-002 of this contract notice. If you believe that there was maladministration, you may lodge a complaint to the European Ombudsman within 2 years of the date when you became aware of the facts on which the complaint is based (see <http://www.ombudsman.europa.eu>).
Organisation signing the contract: The European Joint Undertaking for ITER and the Development of Fusion Energy ('Fusion for Energy')

6. Results

6.1. Result lot identifier: LOT-0001

6.1.2. Information about winners

Winner:

Official name: Ansaldo Nucleare SpA

Tender:

Tender identifier: Ansaldo Nucleare SpA

Identifier of lot or group of lots: LOT-0001

Value of the tender: 9 500 000,00 EUR

Contract information:

Identifier of the contract: F4E-OMF-1034-01

Title: Engineering Services in the Area of Remote Handling

Date of the conclusion of the contract: 28/09/2020

Information about European Union funds:

Name of EU-financed project or programme: Euratom research and training programme (2014 /2018)

Organisation signing the contract: The European Joint Undertaking for ITER and the Development of Fusion Energy ('Fusion for Energy')

6.1. Result lot identifier: LOT-0001

6.1.2. Information about winners

Winner:

Official name: Assystem Engineering and Operation Services SAS

Tender:

Tender identifier: Assystem Engineering and Operation Services SAS

Identifier of lot or group of lots: LOT-0001

Value of the tender: 9 500 000,00 EUR

Contract information:

Identifier of the contract: F4E-OMF-1034-02

Title: Engineering Services in the Area of Remote Handling

Date of the conclusion of the contract: 07/10/2020

Information about European Union funds:

Name of EU-financed project or programme: Euratom research and training programme (2014 /2018)

Organisation signing the contract: The European Joint Undertaking for ITER and the Development of Fusion Energy ('Fusion for Energy')

6.1. Result lot identifier: LOT-0001**6.1.2. Information about winners****Winner:**

Official name: ONET Technologies CN SAS

Tender:

Tender identifier: ONET Technologies

Identifier of lot or group of lots: LOT-0001

Value of the tender: 9 500 000,00 EUR

Contract information:

Identifier of the contract: F4E-OMF-1034-03

Title: Engineering Services in the Area of Remote Handling

Date of the conclusion of the contract: 03/10/2020

Information about European Union funds:

Name of EU-financed project or programme: Euratom research and training programme (2014 /2018)

Organisation signing the contract: The European Joint Undertaking for ITER and the Development of Fusion Energy ('Fusion for Energy')

Winner:

Official name: ARIAL Industries SAS

Tender:

Tender identifier: ARIAL Industries

Identifier of lot or group of lots: LOT-0001

Value of the tender: 9 500 000,00 EUR

Contract information:

Identifier of the contract: F4E-OMF-1034-03

Title: Engineering Services in the Area of Remote Handling

Date of the conclusion of the contract: 03/10/2020

Information about European Union funds:

Organisation signing the contract: The European Joint Undertaking for ITER and the Development of Fusion Energy ('Fusion for Energy')

Winner:

Official name: ARTELIA SAS

Tender:

Tender identifier: Artelia

Identifier of lot or group of lots: LOT-0001

Value of the tender: 9 500 000,00 EUR

Contract information:

Identifier of the contract: F4E-OMF-1034-03

Title: Engineering Services in the Area of Remote Handling

Date of the conclusion of the contract: 03/10/2020

Information about European Union funds:

Name of EU-financed project or programme: Euratom research and training programme (2014 /2018)

Organisation signing the contract: The European Joint Undertaking for ITER and the Development of Fusion Energy ('Fusion for Energy')

7. Modification

7.1. Modification

Identifier of the previous contract award notice: 547606-2020

Identifier of the modified contract: CON-0001

Reason for modification: Need for additional works, services or supplies by the original contractor.

Description: A change of contractor cannot be made for technical reasons linked to interchangeability or interoperability requirements with existing services as ANN is coordinating the manufacturing and FAT activities of the separate subsystems. A change to the supplier would have disproportionate and significant inconvenience and substantial duplication of costs for F4E. The increase in price does not exceed 50% of the value of the original contract.

7.1.1. Change

Description of modifications: Integrated FAT at Supplier Site: CTS delivered directly to CES /CHS manufacturer; integrated FAT (CTS + CES/CHS) executed at supplier facility instead of separate FATs followed by SAT at IO site. | Split of ADP2 and LD: Equatorial and Upper machines tested and delivered in stages; previously combined ADP2 and LD split into individual packages. | Schedule Impact: As per Attachment 1 of DNO#314858.

8. Organisations

8.1. ORG-0001

Official name: The European Joint Undertaking for ITER and the Development of Fusion Energy ('Fusion for Energy')

Registration number: n01110115D

Postal address: C/ Josep Pla, 2, Torres Diagonal Litoral, edificio B3

Town: Barcelona

Postcode: 08019

Country subdivision (NUTS): Barcelona (ES511)
