II.1.1. Title

Procurement of Tender Management System (TMS) and Contract Administration System (CAS).

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 7: Computer and related services

Main site or place of performance: Ski.
NUTS code NO01 Oslo og Akershus

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

II.1.4. Short description of the contract or purchase(s)

Ski municipality c/o the Procurement Agency is responsible for the procurement of a Tender Management System (TMS) and a Contract Administration System (CAS) for Ski and Oppegård municipalities, the Procurement office FIK (Joint Procurement Office) and the municipalities Frogn, Nesodden, Vestby and ÅS.

The objective of implementing TMS/CAS is to achieve better, simpler and more secure procurements. The system shall meet the requirement for procurements in accordance with regulations, and at the same time ensure the requirement for validating procurements. The aim is to implement a fully electronic system from the preparation of tender documentation and qualification documentation, to the award of contract and further contract follow-up.

An agreement shall be entered into for procurement of a Tender Management System (TMS) and a Contract Administration System (CAS). The system shall be fully electronic, net based and be standard products that already are in the market (stock products).
