Other activity: offshore wind farm project certification services

Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Offshore wind farm Project Certification Services — module 1, Site Conditions Assessment — Pre-qualification.

II.1.2. Main CPV code

79132000 Certification services - KA12

II.1.3. Type of contract

Services

II.1.4. Short description

DONG Energy is looking to pre-qualify Certification Bodies to tender for Project Certification Services — Site Conditions Assessment (SCA module 1)

Short description of the services to be conducted:

The Certification Body shall evaluate whether the assessment of the external conditions on site have been adequately undertaken and documented. The site conditions assessment shall be evaluated in compliance with the international standard 'IEC 61400-22 Wind turbines — Part 22: Conformity testing and certification'. Geotechnics are not part of the evaluation scope at this point. An evaluation report and an accredited Conformity Statement following the requirements of IEC 61400-22 must be issued.

II.1.5. Estimated total value

Value excluding VAT: 30 000,00 EUR

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: DE600 Hamburg

II.2.4. Description of the procurement

DONG Energy is looking for Certification Bodies who can perform the below:

The Certification Body shall evaluate whether the assessment of the external conditions on site have been adequately undertaken and documented. The site conditions assessment shall be evaluated in compliance with the international standard 'IEC 61400-22 Wind turbines — Part 22: Conformity testing and certification'. Geotechnics are not part of the evaluation scope at this point. An evaluation report and an accredited Conformity Statement following the requirements of IEC 61400-22 must be issued.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 03/07/2017 End: 02/10/2017

This contract is subject to renewal: no

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 4 Objective criteria for choosing the limited number of candidates:

A) The Candidate must be Accredited according to ISO/IEC 17065 — This is a minimum requirement

b) References and demonstrated experience will be used as criteria for assessing how eligible the candidate is for conducting the described service. DONG Energy requests demonstrable experience in the following relevant fields: Concluded IEC 61400-22 project certification for at least the modules 'Site Conditions Evaluation', 'Design Basis Evaluation', 'Integrated Load Analysis', 'Design Evaluation' (for Turbine Foundations).

The more comparable to the relevant scope the demonstrated experience under b) is, the higher a score the candidate will receive.

DONG Energy is seeking for demonstrated comparable experience.

Please submit documentation for the below bullets:

- Project Certification Services concluded for the above mentioned fields
- Where the above Certification Services have taken place
- Number of MW for the offshore windfarm where the above certification services have taken place

The most extensive and most relevant provision of services (references) similar to the services comprised by the tendered contracts, the higher the score the candidate will receive.

As a) is a minimum requirement the weighting of b) is 100 %

eSPD information:

Applicants shall fill out the eESPD document on: <https://ec.europa.eu/growth/tools-databases/esp/welcome>. The eESPD is a generic application form to be used by Applicants in EU-tenders.

Please be aware that each entity in a joint venture or consortium should submit separate eESPDs. Further, the same applies for supporting entities on which the Applicant relies.

Instructions to the eESPD, section III: Exclusion grounds

It is not a requirement that the Applicant fills in part III, sections A and B of the eESPD. The Contracting Entity is aware that all the grounds for exclusion contained in part III, sections A and B of the eESPD are 'pre-filled' without any possibility to un-tick them and leave part III with no answer selected. The Contracting Entity does not take the automatically filled in answers in part III, sections A and B into consideration.

Compliance with all minimum requirement is confirmed by ticking 'yes' in part IV of the eESPD. Guidance on how to use the eSPD can be found in the document 'Informal Guideline to the Applicants about eSPD' which can be found in scanmarket together with the NDA. Please see section VI.3) for link to Scanmarket, or access from here <http://bit.ly/2nlzKEX>

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Price

Project organisation

Key personnel experience.

III.1.4. Objective rules and criteria for participation

List and brief description of rules and criteria:

A) Accredited according to ISO/IEC 17065

b) Demonstrable experience in the relevant field: Concluded IEC 61400-22 project certification for at least the modules 'Site Conditions Evaluation', 'Design Basis Evaluation', 'Integrated Load Analysis', 'Design Evaluation' (for Turbine Foundations).

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Negotiated procedure with prior call for competition

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 05/05/2017 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

Date: 09/05/2017

IV.2.4. Languages in which tenders or requests to participate may be submitted

English

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Duration in months: 6 (from the date stated for receipt of tender)

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: yes

Estimated timing for further notices to be published:

The Contracting Entity (CE) might use the procedure described in the Utilities Directive article 50, (f): The provisions concerning repetition of similar [services/works] will also be described in the tender conditions.

VI.3. Additional information

The Tender Material, including the contract documents, will be made available in Scanmarket a few hours after the NDA deadline, to any Candidate who submits a duly signed NDA before 24 April 2017 at 12.00 noon Danish Time.

The NDA must be signed and uploaded to scanmarket.com <http://bit.ly/2nlzKEX>

Application to gain pre qualification shall also be submitted to this system.

The tender material will also be made available via Scanmarket, a specific link will be sent to any Candidate who has duly signed the NDA on 24 April 2017 12:00 noon Danish time. If a signed NDA is received after this deadline, the Contracting Entity will give access to the tender material as soon as possible thereafter. The deadline for request to participate still stays the same.

All communication and all documents regarding this pre-qualification must be in English. Certificates can also be accepted in German and Danish.

VI.4. Procedures for review

VI.4.1. Review body

Official name: Klagenævn for Udbud

Postal address: Toldboden 2

Town: Viborg

Postal code: 8800

Country: Denmark

E-mail: klfu@erst.dk

Internet address: www.klfu.dk

VI.4.3. Review procedure

Precise information on deadline(s) for review procedures:

The Complaint procedure follows Klagenævn for Udbud's deadlines.

VI.4.4. Service from which information about the review procedure may be obtained

Official name: Konkurrence- og Forbrugerstyrelsen

Postal address: Carl Jacobsens Vej 35

Town: Valby

Postal code: 2500

Country: Denmark

VI.5. Date of dispatch of this notice

07/04/2017
