**II.1.4. Short description**

This procurement concerns the procurement of a dedicated project team for the development of a Nordic road map for the introduction of sustainable zero carbon fuel in shipping.

A project for the development of a Nordic road map for the introduction of sustainable zero carbon fuel in shipping as been granted resources of up to DKK 18 million through the Nordic

Council of Ministers. The project will run over a four year period (1st quarter 2022 to 4th quarter 2025).

The aim of the project is to establish a joint road map for the introduction of alternative fuel in all of the Nordic countries. Logistics and the pattern of sea trade in the region, as well as the connected energy market, make a joint strategy decisive for the transition to zero emission transport in the region. The road map will be of great importance for authorities, the industry, and other relevant interested parties, and it will also be useful in concrete maritime investment projects.
