**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

Treatment and Final Disposal of Sludge from Slettemoen Waste Disposal Site in Drødsherad Municipality.

Reference number: 10203450

**II.1.2.**

**Main CPV code**

90513900 Sludge disposal services

**II.1.3. Type of contract**

Services

**II.1.4. Short description**

The aim of the procurement is to enter into a contract for the reception, treatment and final disposal of sludge from Slettemoen Waste Disposal site in Krødsherad Municipality. The sludge must be dug up and transported to a certified reception facility. A description of the sludge and analyses from sample taking, etc. are in the requirements specification in annex 1. Excavation and transport to the reception facility will be a separate contract, but the work will be coordinated with this assignment.

— treatment and final disposal of 1 000–1 500 m<sup>3</sup> sludge (approx. 800 tonnes) mixed with on-site matter from temporary storage at the landfill site. The expectation is that this will be carried out in autumn 2019. Treatment and final disposal of approx. 2 000 m<sup>3</sup> (approx. 1 300 tonnes) sludge from sludge lagoons after dewatering. This is expected to be carried out in 2021–2023.

The contracting authority/orderer for the assignment is: Krødsherad Municipality, 3536 Noresund.

**II.1.5. Estimated total value****II.1.6. Information about lots**

This contract is divided into lots: no

**II.2. Description****II.2.2. Additional CPV code(s)**

90500000 Refuse and waste related services, 90510000 Refuse disposal and treatment, 90513800 Sludge treatment services

**II.2.3. Place of performance**

NUTS code: NO Norge

**II.2.4. Description of the procurement**

The aim of the procurement is to enter into a contract for the reception, treatment and final disposal of sludge from Slettemoen Waste Disposal site in Krødsherad Municipality. The sludge must be dug up and transported to a certified reception facility. A description of the sludge and analyses from sample taking, etc. are in the requirements specification in annex 1. Excavation and transport to the reception facility will be a separate contract, but the work will be coordinated with this assignment. Treatment and final disposal of 1 000–1 500 m<sup>3</sup> sludge (approx. 800 tonnes) mixed with on-site matter from temporary storage at the landfill site. The expectation is that this will be carried out in autumn 2019. Treatment and final disposal of approx. 2 000 m<sup>3</sup> (approx. 1 300 tonnes) sludge from sludge lagoons after dewatering. This is expected to be carried out in 2021–2023.

The contract period for the reception of sludge is for the period 2019–2021, with an option for an extension for up to 24 months.

A process is ongoing for the approval of the termination plan with the county governor. The outcome of this can affect the contest.

**II.2.5.**

### **Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6. Estimated value**

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Start: 07/06/2019 End: 31/12/2021

This contract is subject to renewal: yes

Description of renewals:

The contract will be valid from when it is signed until 31.12.2021.

The contract can be extended by an option for up to 24 months. If the contract is to be extended by the option, the tenderer must be notified by 1.10.2021 at the latest.

#### **II.2.10. Information about variants**

Variants will be accepted: no

#### **II.2.11. Information about options**

Options: yes

Description of options:

Option to extend the contract, see above.

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

#### **II.2.14. Additional information**

See the tender documentation for further details on the assignment and the requirements.

### **Section III: Legal, economic, financial and technical information**

---

#### **III.1. Conditions for participation**

##### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Requirement 1: tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation requirement 1: Norwegian companies: company registration certificate.

Foreign companies: verification that the tenderer is registered in a company register, professional register or a commerce register in the country where the tenderer is established.

Requirement 2: tenderers must not have significant tax and VAT arrears. Norwegian companies: Tenderers must document the requirement by presenting a tax certificate and VAT certificate, possibly an approved repayment plan.

Documentation requirement 2:

The certificate must not be older than 6 months calculated from the deadline for submitting a request for participation in the competition or a tender. The tenderer can order these certificates through Altinn.

Foreign tenderers: a certificate issued by the competent authority in the tenderer's home state certifying that the tenderer has fulfilled the obligations regarding fees in accordance with the legislation in the state where the tenderer is established.

##### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

Requirement 3: The tenderer must have sufficient economic and financial capacity to fulfil the contract. The credit rating must be minimum A. Documentation requirement: A credit rating based on the most recent fiscal figures. The rating must be carried out by a credit rating company with a licence to conduct this service.

Minimum level(s) of standards possibly required:

See the above.

### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

Requirement 4: The tenderer shall have experience from comparable assignments.

Documentation requirement: Description of the tenderer's up to 3 most relevant contracts in the course of the last 3 years. The assignment description must include a specification of the assignment value, assignment length and the recipient (name, phone number and email address.). The tenderer is responsible for documenting the assignment' relevance through their description.

Requirement 5: The facility for the reception, treatment and final disposal must have the required permits from public authorities. Documentation requirement: Documentation that the facility for the reception, treatment and final disposal (one or several facilities) has the required permits from public authorities. The permit must be attached to the tender.

Requirement 6: A good and well-functioning quality management system is required, which is certified in accordance with ISO 9001, or which has an equivalent scope. Documentation requirement: A statement of the tenderer's quality management system and documentation of certification or a description that documents that the tenderer has a quality system that fulfils the qualification terms.

Minimum level(s) of standards possibly required:

See the above.
