Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1.

Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the state where the tenderer is established.

The requirement shall be documented as follows:

Norwegian tenderers: company registration certificate.

Foreign companies: proof that the company is registered in a company register, professional Register or a trade register in the state where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Credit rating based on the most recent financial figures. The rating must be carried out by a credit rating company with a licence to conduct this service.

Minimum level(s) of standards possibly required:

Sufficient economic and financial capacity to be able to fulfil the contract.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Description of the tenderer's available capacity for the execution of assignments. The description shall include an overview of the staffing and the available relevant HR.

A list with an overview of equivalent assignments from the last 3 years. The list shall as a minimum contain:

- name and contact information for the customer,
- contract value and scope,
- the date of the assignment,
- a short description of the delivery and the tenderer's role in the contract.

The Contracting Authority reserves the right to contact the references.

Description of methods and routines for quality assurance. If the tenderer is certified in accordance with ISO 9001 within the service area, or equivalent standards, it is sufficient to submit a copy of a valid certificate to document fulfilment of the requirement.

A description of the tenderer's environmental management system. If the tenderer is certified in accordance with ISO 14001 it is sufficient to submit a copy of a valid certificate to document fulfilment of the requirement.

The Contracting Authority will contact the Norwegian Labour Inspection Authority for verification. If a tenderer is not certified and is, thus, not in the register, the tenderer shall prove, by a declaration, that such certification will be in place by the start of the contract.

Minimum level(s) of standards possibly required:

The tenderer shall have sufficient capacity to complete the agreement.

Tenderers shall have good experience from equivalent deliveries.

The tenderer shall have satisfactory and well functioning routines and methods for quality assurance of products and delivery.

The tenderer shall have a well-functioning environmental management system.

Tenderers must be certified in the Norwegian Labour Inspection Authority's cleaning register before the start-up of the contract.
