Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Open tender competition — procurement of Robotics Process Automation (RPA).

Reference number: 17/253

II.1.2. Main CPV code

48000000 Software package and information systems

II.1.3. Type of contract

Services

II.1.4. Short description

Direktoratet for økonomistyring (DFØ) [the Norwegian Government Agency for Financial Management] has carried out preliminary projects where we have mapped and identified processes with RPA automation potential in the area of accounts and wages.

We wish to introduce the use of RPA technology in our system solutions, initially for the processes identified in the above named preliminary projects. For these processes, we have an imminent need for procurement of RPA software, implementation of the software, setting up of the processes on the software, training of various user groups and preparation of associated documentation. In the long term, an expanded use of RPA technology could be used for further departments and/or multiple processes in DFØ.

II.1.5. Estimated total value

Value excluding VAT: 2 700 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

48000000 Software package and information systems, 72000000 IT services: consulting, software development, Internet and support

II.2.3. Place of performance

NUTS code: NO Norge

Main site or place of performance: Oslo.

II.2.4. Description of the procurement

Direktoratet for økonomistyring (DFØ) [the Norwegian Government Agency for Financial Management] has carried out preliminary projects where we have mapped and identified processes with RPA automation potential in the area of accounts and wages.

We wish to introduce the use of RPA technology in our system solutions, initially for the processes identified in the above named preliminary projects. For these processes, we have an imminent need for procurement of RPA software, implementation of the software, setting up of the processes on the software, training of various user groups and preparation of associated documentation.

With regard to assistance for process set up on the RPA software, we want to prepare the necessary competence for internal resources as quickly as possible. The selected tenderer shall therefore ensure transfer of competence, i.a. in the form of training and/or side by side work. As a result of this, the impending procurement shall initially only include consultancy services to the process set up for selected processes. Consultancy services for process set up for further processes will be included in the options that DFØ can call of as needed. We want a fixed price on such assistance.

In the long term, an expanded use of RPA technology could be used for further departments and/or multiple processes in DFØ. At the same time as entering into framework agreements for addition purchasing in the RPA area, we also want, for example, expanded use of the software, set up of processes, training, consulting etc. The framework agreement will have a duration of 2 years + 1 year + 1 year.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 48

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

Consultancy services for process set up for multiple further processes than those under the main procurement.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers shall be registered in a company register, professional register or a trade register in the country where the tenderer is established.

— Norwegian companies: Company Registration Certificate;

— Foreign companies: Verification showing that the tenderer is registered in a company register, professional register or a commerce register in the country where the tenderer is established.

III.1.2. Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3. Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure

IV.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with a single operator

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 18/05/2017 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.2.4. Languages in which tenders or requests to participate may be submitted

Norwegian

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 01/09/2017

IV.2.7. Conditions for opening of tenders

Date: 18/05/2017 Local time: 13:00

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about electronic workflows

Electronic invoicing will be accepted

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

Official name: Direktoratet for økonomistyring

Town: Oslo

Postal code: 0130

Country: Norway

VI.5. Date of dispatch of this notice

11/04/2017
