General description:

A procurement in accordance with Part III in the Public Procurement Regulations for: debt collection services — a Framework Agreement for the New Vestfold and Telemark County — VT19/5

About the Contracting Authority:

The Contracting Authority is the Telemark and Vestfold Counties.

Telemark County is the host county for the procurement cooperation VT Innkjøp, which is responsible for the implementation of the tender competition.

The 2 counties have a total of just over 420 000 inhabitants and approx. 3 800 employees.

The counties are politically governed at regional administration level, with their own county council and county mayor as the top manager. The 2 counties have their own administration with the accompanying entities. The counties have an important assignment in society and are central development actors. The main assignment is to operate and develop the counties within sixth form college education, transport and dental health and to see to the role of regional development actor by facilitating the development of businesses and jobs, influencing how areas are used, preserving cultural memorials, landscape and environment qualities.

The counties are actively working on digitalising services and work processes. It is important to ensure good future-orientated systems that support fully-digitalised work processes. Joint ICT platforms and systems must be modern and have good availability and performance. This also applies to this contract.

Further details on the counties can be found on their respective homepages.
