**II.1.4. Information about framework agreement**

**II.1.5. Short description of the contract or purchase(s)**

Architectural services in relation to St Andrew's House.

Constructed in the late 1980's this purpose built office, circa 51,000 sqft, is arranged over basement, part mezzanine, ground and eight upper floors.

The building is of steel-framed construction with upper floors of suspended concrete construction. The building is air conditioned but it is envisaged that the existing services will be replaced as part of the works.

The sloping terrain around St Andrew's House results in the ground floor access at the rear from Thanvies Inn being at 1st floor level on St Andrew Street. The lower ground floors have the potential for a change of use.

Planning consent is granted for a single storey roof extension which expires in November 2013.

The building will be handed back to the Fund in late September 2013 and it is planned to be refurbished to a high standard in order for it to be re-let to achieve the maximum rental income and presented to the market in the third Quarter of 2014, this is to include:

The Cat A refurbishment of the office space.

Comprehensive ground floor and office reception refurbishment and all common parts and facilities.  
The refurbishment/reconfiguration of the cores.  
Roof top extension.  
New services throughout.  
Enhancement of the energy performance to achieve Breeam very good rating as a minimum.  
British Council for Offices Compliant.  
The development budget to be in the region of 7 000 000 GBP.

Official name: UK Courts

Country: United Kingdom

**Body responsible for mediation procedures**

Official name: None

**VI.4.2. Review procedure**

Precise information on deadline(s) for review procedures: The Council will incorporate a minimum of 10 calendar days standstill period at the point where information on the award of the contract is communicated to tenderers. This period allows tenderers the possibility of

reviewing and challenging the award before the contract is entered into. If any complaint or appeal cannot be otherwise resolved the Public Contracts Regulations 2006 (as amended) provide for aggrieved parties who have been harmed or are at risk of harm by breach of the rules to take legal action.

Tenderers should be aware that any such action should generally be brought within 30 days of the alleged breach and ideally as promptly as possible. Where a contract has not been entered into the court may order the setting aside of the award decision or order the contracting authority to amend documents and may award damages.

Damages may also be available after the contract has been entered into but at this point (i.e. after the contract has been entered into) the grounds for setting aside the contract are more limited.

Once the contract is entered into any challenge as to the validity of the contract can only be made on certain specified grounds for a declaration of "ineffectiveness" - such challenges (i.e. those based on the limited grounds for ineffectiveness) must be brought within 6 months of the conclusion of the contract although tenderers should note that if the contracting authority informs them of the conclusion of the contract and provides a summary of the relevant reasons then that time period (i.e. 6 months from the conclusion of the contract) may be reduced to 30 days.

It is incumbent on tenderers to seek specific legal advice in relation to any proposed or actual challenge to the process and the applicable limitation periods.

#### **VI.4.3. Service from which information about the review procedure may be obtained**

#### **VI.5. Date of dispatch of this notice**
