I.4. Type of the contracting authority

Other type: local government water and sewage

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Engineering design services P900701 Mortensnes parts 2-5, detail work (second notice).
Reference number: ESAK 16/6975

II.1.2. Main CPV code

71322200 Pipeline-design services

II.1.3. Type of contract

Services

II.1.4. Short description

Mortensnes project consists of 5 different parts. This assignment is for detailed engineering design work for parts 2-5. The assignment shall be designed as two different tender competitions. Part 2 will be one tender and parts 3-5 will be the second. The engineering design basis from parts 3-5 shall be included in a collaboration contract. In addition an overview map must be prepared for the entire area, showing route choices for pipeline and water routes, as well as the chosen dimensions.

II.1.5. Estimated total value

Value excluding VAT: 3 500 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description**II.2.2. Additional CPV code(s)**

71320000 Engineering design services, 71322500 Engineering-design services for traffic installations, 71242000 Project and design preparation, estimation of costs, 71311210 Highways consultancy services, 71311220 Highways engineering services, 71321000 Engineering design services for mechanical and electrical installations for buildings

II.2.3. Place of performance

NUTS code: NO072 Troms

Main site or place of performance: Mortensnes on Tromsøya.

II.2.4. Description of the procurement

Mortensnes project consists of 5 different parts (see the attached overview map). This assignment is for detailed engineering design work for parts 2-5. The assignment shall be designed as two different site descriptions. Part 2 will be one site and parts 3-5 will be the second. The engineering design basis from parts 3-5 shall be included in a collaboration contract. In addition an overview map must be prepared for the entire area, showing route choices for pipeline and water routes, as well as the chosen dimensions. Part 1 has been carried out and is not a part of this tender documentation.

The sewage installations in the entire area shall be planned as a completely separate system. This also means that the private service pipes will be completely separated in order to catch the drainage and roof water from the properties in the area. The complete drainage situation shall be described for part 2. A new 315 mm PE transfer pipeline shall be laid for water and a new 400 mm OV pipeline. The route starts from the junction Dramsvegen/Styrmansvegen and goes in the road and further out in the terrain/bridleway. This route is planned in part 1, but must be added to the basis for the new engineering design services. This route is approx. 500 metres.

A new pavement shall also be planned along the current bus route. The road can be expanded along some stretches. There shall be plans for facilitating universal design. The development plan for the area shall form the basis for the engineering design services. The plan has not yet been approved, approval is expected by the municipal council in 2017. The old street lights shall be replaced in the entire area. Most of the cable companies are also expected to be involved in the planning for new cable installations in the area. The total clearance area for part 2 makes up approx. 1 700 metres + 500 metres OV pipeline. The clearance area (parts 2-5) will in total comprise approx. 5 500 metres with ditches, roads and cable routes.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 3 500 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 1

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

The requirements are described in the tender documentation.

III.1.2. Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3. Technical and professional ability

Selection criteria as stated in the procurement documents

III.2. Conditions related to the contract

III.2.1. Information about a particular profession

Execution of the service is reserved to a particular professionReference to the relevant law, regulation or administrative provision:

NS 8401 General Contract Terms with additions in accordance with the contract will apply as the general contract terms.

III.2.3. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 05/05/2017 Local time: 14:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.2.4. Languages in which tenders or requests to participate may be submitted

Norwegian

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Duration in months: 3 (from the date stated for receipt of tender)

IV.2.7. Conditions for opening of tenders

Date: 05/05/2017 Local time: 14:00

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

Official name: Tromsø kommune Vann og avløp

Postal address: Postboks 25

Town: Tromsø

Postal code: 9272

Country: Norway
