The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Restricted tender documentation for the establishment of a framework agreement for consultancy services within roads, water and sewage.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services
Main site or place of performance: Kvinnherad municipality.
NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with several operators

Number Envisaged maximum number of participants to the framework agreement: 3

Duration of the framework agreement

Duration in years: 2

II.1.5. Short description of the contract or purchase(s)

The contracting authority would like to enter into framework agreements with companies that provide consultancy services related to roads, water and sewage. The tenderer can, for example, be responsible for the planning and necessary engineering design services, applications, permits etc. for assignments under the framework agreements. In addition to engineering design assignments, the framework agreement will apply for other consultancy services within the discipline, including project management and construction management.

II.1.6. CPV code(s)

71320000 Engineering design services, 71000000 Architectural, construction, engineering and inspection services, 71200000 Architectural and related services, 71210000 Advisory architectural services, 71221000 Architectural services for buildings, 71318000 Advisory and consultative engineering services, 45220000 Engineering works and construction works, 79421000 Project-management services other than for construction work, 71541000 Construction project management services, 45233120 Road construction works, 71311210 Highways consultancy services, 85312300 Guidance and counselling services, 90713100 Consulting services for water-supply and waste-water other than for construction, 41110000 Drinking water, 39370000 Water installations, 44162500 Drinking-water piping

This contract is subject to renewal: yes

Number of possible renewals: 2

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 12 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Duration in months: 024 (from the award of the contract)

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

Will be stated in the tender documentation.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

Will be stated in the tender documentation.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

Will be stated in the tender documentation.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Requirement:

Tenderers shall have their tax and VAT payments in order.

Documentation:

— Tax certificate;

—VAT certificate;

— Foreign tenderers must submit certificates from authorities equivalent to the Norwegian authorities.

NB: If several companies go together to submit a tender as a group, certificates shall be enclosed for all the group participants.

Requirement:

Tenderers shall be a legally established company.

Documentation:

— Norwegian companies: Company Registration Certificate.

— Foreign companies: Proof that the company is registered in a trade index or business register as prescribed by the law of the country where the tenderer is established.

III.2.2. Economic and financial ability

List and brief description of conditions: Requirement:

The tenderer must have the financial capacity to implement the assignment/contract.

Documentation:

— Credit rating, not older than 3 months (calculated from the tender deadline), based on the

last known accounting figures. The rating shall show a minimum of A according to the D&B scale (or an equivalent result on another certified agency's scale). The rating should be carried out by an officially certified credit rating institution.

III.2.3. Technical and professional ability

List and brief description of conditions:

Requirement:

— The tenderer shall have experience from engineering design assignments in the discipline roads, water and sewage, as well as experience from project and construction management for the same discipline.

Documentation:

— The documentation must show that the tenderer has experience, cf. the qualification requirement (reference list with information on the assignment's content, contracting authority, length and value).

— See the annex to the qualification documentation.

NB: If several companies go together to submit a tender as a group, documentation shall be submitted for all the group participants within the fields that the different participants shall serve.

(Emphasis is put on the fact that the requirement relates to the company per se and that concrete key persons' competence shall be assessed under the award criteria that will be in the tender documentation.).

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Restricted

IV.1.2. Information about the limits on the number of candidates to be invited

Envisaged minimum number 5: and Maximum number 8

Objective criteria for choosing the limited number of candidates: The contracting authority will invite a minimum of 5 and a maximum of 8 participants to the competition. It is a prerequisite that a sufficient number of applicants are qualified. The selection amongst the qualified tenderers will be based on the tenderer's experience, cf. point 3.4. Experience in addition to the minimum requirements will, thus, decide which applicants are chosen for participation, if there are applications from a greater number of qualified applicants than what the contracting authority chooses to invite to the competition. Experience from engineering design services for roads, water and sewage will count significantly more than experience from project administration in the selection process.

IV.1.3.

Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

2016

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

27.5.2016 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

IV.3.8. Conditions for opening of tenders

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5.

Date of dispatch of this notice

25.4.2016
