#### **II.1.4. Short description**

The Financial Supervisory Authority of Norway would like to enter into a framework agreement for consultancy services, where the consultants will assist the Financial Supervisory Authority of Norway with consultancy services for the new integration and analysis platforms, as well as development and management of the current computer warehouse and data reception. The consultants will be part of, and will work together with, the Financial Supervisory Authority of Norway's own IT resources and consultants from other suppliers. The framework agreement will span several areas of competence, and it will be important that the tenderer coordinates the systems, development, and management in a good way. The Financial Supervisory Authority of Norway would like to enter into a framework agreement with a company that can assist with everything from the development of systems, architecture, advice on the execution of projects and management, and that completes the Financial Supervisory Authority of Norway's competence.
