The procurement involves the establishment of a framework agreement

#### **II.1.4. Information about framework agreement**

Framework agreement with a single operator

##### **Duration of the framework agreement**

Duration in years: 4

##### **Estimated total value of purchases for the entire duration of the framework agreement**

Estimated value excluding VAT

Range: between 1 000 000 and 2 000 000 GBP

#### **II.1.5. Short description of the contract or purchase(s)**

Moyle Interconnector Ltd is procuring a EPC contract (Contract Notice [2013/S 220-383923](#)) to supply and install two medium voltage cables between its existing HVDC convertor stations located at Auchencrosh, Scotland and Ballycronan, Island Magee, Northern Ireland. The Technical Framework Consultant (Onshore Cable Installation) will form part of the Client Project Management Team being put in place to manage and deliver the EPC contract for the supply and installation of the cables referenced above between its existing HVDC convertor stations located in Auchencrosh, South West Scotland, and Ballycronan, Island Magee, Northern Ireland.

The services comprise:

- Provision of experienced and competent personnel to manage and supervise the main EPC contractor executing all aspects of the onshore installation in Scotland (approximately 6km) and Northern Ireland (approximately 3 km) including but not limited to:
- Ensuring all works are executed in compliance with Health & Safety, Environmental and Moyle's requirements,
- Liaison with Moyle's Agriculture Land Liaison Officer (the first point of contact with the landowners) and the contractors executing the works to identify and agree remedial action for landowner issues or concerns and ensure that any landowner agreements are honored,
- Ensuring that all controls which are deemed necessary to protect the existing cables are in place and adhered to at all times,

- Regular auditing and inspection of training records to ensure all personnel are competent and authorised to the necessary levels. This will include authorisations under the NIE Safety Rules,
- Review of contractors construction method statements,
- Monitoring works to ensure that all consenting conditions are adhered to at all times throughout the works including liaison with consenting authorities representatives,
- Inspecting Contractors working facilities and compounds to ensure compliance with required standards,
- Assessing and reporting progress against programme,
- Agreeing any compensation events with the main EPC contractor,
- Report to the Moyle Project Manager,
- Provision of support to the individual(s) working in the project management team which will comprise Moyle employees, secondees and individuals or groups of individuals appointed through other framework contracts,
- Planning and establishment of procedures and processes to support the services being provided,
- Co-operation and liaison with the other organizations and members of the integrated project management team,
- Provision of replacement support when necessary for either absence or peaks in workload,
- Preparation of detailed Weekly Reports to be submitted to the Project Manager, including issues relating to Health, Safety & Welfare and the environment,
- Preparation and submission of non-compliance notices to the Project Manager,
- Summary Monthly Progress Reports,
- Meetings Attendance.

#### **II.1.6. CPV code(s)**

09310000 Electricity, 71310000 Consultative engineering and construction services, 71520000 Construction supervision services

#### **II.1.7. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: yes

#### **II.1.8. Information about lots**

This contract is divided into lots: no

#### **II.1.9. Information about variants**

Variants will be accepted: no

### **II.2. Scope of the procurement**

#### **II.2.1. Total quantity or scope**

Moyle Interconnector Ltd is procuring an EPC contract (contract notice [2013/S 220-383923](#)) to supply and install two medium voltage cables between it's existing HVDC convertor stations located at Auchencrosh, Scotland and Ballycronan, Island Magee, Northern Ireland. This will involve the design, manufacture, testing, supply, installation, jointing and commissioning of approximately:

- 18 km of Land cable – 2 x 3 km on the Northern Ireland side, and 2 x 6 km on the Scottish side.
- 106 km Submarine cable – 2 x circuit crossing lengths of approximately 53 km with water depths of up to 150 m.

Moyle appointed Technical Advisors in 2013 (contract notice 2013-073055-F06-EN) to provide technical support up to the point of recommendation of award of the EPC contract. Under the

current process, award of the EPC contract is expected to be in Q3 2014. Full delivery of the EPC contract is expected to be before the end of 2017.

The Technical Framework Consultant (Onshore Cable Installation) will form part of the Client Project Management Team being put in place to manage and deliver the EPC contract for the supply and installation of the cables referenced above between its existing HVDC convertor stations located at Auchencrosh, South West Scotland, and Ballycronan, Island Magee, Northern Ireland.

The services comprise:

- Provision of experienced and competent personnel to manage and supervise the main EPC contractor executing all aspects of the onshore installation in Scotland (approximately 6km) and Northern Ireland (approximately 3 km) including but not limited to:
- Ensuring all works are executed in compliance with Health & Safety, Environmental and Moyle's requirements,
- Liaison with Moyle's Agriculture Land Liaison Officer (the first point of contact with the landowners) and the contractors executing the works to identify and agree remedial action for landowner issues or concerns and ensure that any landowner agreements are honored,
- Ensuring that all controls which are deemed necessary to protect the existing cables are in place and adhered to at all times,
- Regular auditing and inspection of training records to ensure all personnel are competent and authorised to the necessary levels. This will include authorisations under the NIE Safety Rules,
- Review of contractors construction method statements,
- Monitoring works to ensure that all consenting conditions are adhered to at all times throughout the works including liaison with consenting authorities representatives,
- Inspecting Contractors working facilities and compounds to ensure compliance with required standards,
- Assessing and reporting progress against programme,
- Agreeing any compensation events with the main EPC contractor,
- Report to the Moyle Project Manager,
- Provision of support to the individual(s) working in the project management team which will comprise Moyle employees, secondees and individuals or groups of individuals appointed through other framework contracts,
- Planning and establishment of procedures and processes to support the services being provided,
- Co-operation and liaison with the other organizations and members of the integrated project management team,
- Provision of replacement support when necessary for either absence or peaks in workload,
- Preparation of detailed Weekly Reports to be submitted to the Project Manager, including issues relating to Health, Safety & Welfare and the environment,
- Preparation and submission of non-compliance notices to the Project Manager,
- Summary Monthly Progress Reports,
- Meetings Attendance.

Estimated value excluding VAT

Range: between 1 000 000 and 2 000 000 GBP

## **II.2.2. Information about options**

Options: no

## **II.2.3. Information about renewals**

This contract is subject to renewal: no

### **II.3. Duration of the contract or time limit for completion**

Duration in months: 48 (from the award of the contract)

## **Section III: Legal, economic, financial and technical information**

---

### **III.1. Conditions related to the contract**

#### **III.1.1. Deposits and guarantees required**

None.

#### **III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them**

Refer to PQQ / Tender Documentation.

#### **III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded**

Refer to PQQ / Tender Documentation.

#### **III.1.4. Contract performance conditions**

The performance of the contract is subject to particular conditions: no

### **III.2. Conditions for participation**

#### **III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions: Refer to PQQ Documentation.

#### **III.2.2. Economic and financial ability**

List and brief description of conditions: Refer to PQQ Documentation.

#### **III.2.3. Technical and professional ability**

List and brief description of conditions: Refer to PQQ Documentation.

#### **III.2.4. Information about reserved contracts**

### **III.3. Conditions specific to services contracts**

#### **III.3.1. Information about a particular profession**

Execution of the service is reserved to a particular profession: no

#### **III.3.2. Information about staff responsible for the performance of the contract**

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

## **Section IV: Procedure**

---

### **IV.1. Type of procedure**

#### **IV.1.1. Type of procedure**

Restricted

### **IV.2. Award criteria**

#### **IV.2.1. Award criteria**

The most economically advantageous tender in terms of the criteria stated in the specifications or in the invitation to tender or to negotiate

**IV.2.2. Information about electronic auction**

An electronic auction will be used: no

**IV.3. Administrative information**

**IV.3.1. File reference number attributed by the contracting entity**

47065243

**IV.3.2. Previous publication concerning this procedure**

no

**IV.3.3. Conditions for obtaining specifications and additional documents**

(except for a DPS)

Time limit for receipt of requests for documents or for accessing documents: 26.5.2014

**IV.3.4. Time limit for receipt of tenders or requests to participate**

2.6.2014 - 16:00

**IV.3.5. Languages in which tenders or requests to participate may be submitted**

English.

**IV.3.6. Minimum time frame during which the tenderer must maintain the tender**

**IV.3.7. Conditions for opening of tenders**

**Section VI: Complementary information**

---

**VI.1. Information about recurrence**

This is a recurrent procurement: no

**VI.2. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:

no

**VI.3. Additional information**

Refer to PQQ Documentation.

**VI.4. Procedures for review**

**VI.4.1. Review body**

Official name: Refer to PQQ Documentation.

**VI.4.2. Review procedure**

Precise information on deadline(s) for review procedures: Refer to PQQ Documentation.

**VI.4.3. Service from which information about the review procedure may be obtained**

Official name: Refer to PQQ Documentation.

**VI.5. Date of dispatch of this notice**

2.5.2014
