II.2.14. Additional information

DMI has decided not to divide the contract into lots as this would unduly increase the cost for the tender and the price for the radars. Furthermore the procurement of 1 overall contract will ensure technical and qualitative unified and standardized radars, which ensures the compatibility within the Danish weather radar network.

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

List and brief description of conditions:

Together with the tender the Tenderer must submit a completed version of the European Single Procurement Document (ESPD), in which the requested information referred to in Section III.1) must be provided.

The ESPD is a self-declaration form which serves as preliminary documentation that the Tenderer, other entities or the association meet(s) the criteria for exclusion, suitability and selection. This information must be verified later.

Part II: Information concerning the economic operator

- Section A: Information about the economic operator
- Section B: Information about the economic operator's representatives
- Section C: Information about reliance on the capacities of Other Entities (see Tender Conditions clause 2.2 for further details)
- Section D: : Information concerning Subcontractors on whose capacity the economic operator does not rely

Part III: Exclusion Grounds

Section A: Grounds relating to criminal convictions

Section B: Grounds relating to the payment of taxes or social security contributions: If there are any outstanding payments, tick 'Yes' and state the outstanding amount.

Section C: Grounds relating to insolvency, conflicts of interest or professional misconduct:

- The Tenderer must confirm that the Tenderer is not covered by the mandatory exclusion grounds laid down in Section 135(1)-(3) and Section 136 of the Danish Public Procurement Act. Otherwise, the Contracting Authority is obliged to exclude the Tenderer, see, however, Section 135(4) and (5) of the Danish Public Procurement Act.
- The Tenderer must also confirm that the Tenderer is not covered by the following voluntary exclusion grounds, see Section 137(1) of the Danish Public Procurement Act:
 - Matters concerning insolvency/bankruptcy/liquidation or the like, see para (2).
 - Agreement aimed at distortion of competition, see para (4).

III.1.2. Economic and financial standing

List and brief description of selection criteria:

List and brief description of selection criteria:

The Tenderer must confirm the economic ability in the ESPD part IV.B:

1. The Tenderer must state 'Total annual turnover' for the financial statements of the most recent financial year available.

- If the applicant relies on the capacity of other entities, the turnover is calculated as the total turnover of the applicant and such other entities for the most recent financial year available.

2. The Tenderer must state the equity as 'Financial ratio' for the most recent financial year available which is reported under 'Description'.

- The equity must be stated and reported in accordance with the method stipulated in Section 25 of the Danish Financial Statements Act (Årsregnskabsloven) (Consolidation Act no. 838 of 8 August 2019).

- For groups of operators (e.g. a consortium), the equity is calculated as the total equity of the members of the group for the most recent financial year available

Minimum level(s) of standards possibly required:

regarding 1:

- It is a minimum requirement that the total annual turnover of the most recently closed financial year amounts to minimum EURO (€) 3.92 mio.

Regarding 2.

- It is a minimum requirement that the equity in the most recently closed financial year amounts to minimum EURO (€) 1.34 mio.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

List and brief description of selection criteria:

The Tenderer must confirm the technical and professional ability in the ESPD part IV.C:

The Tenderer must provide up to five (5) references which the Tenderer finds most comparable with this invitation to tender, see clause 2 and which alone or jointly meet the minimum requirements, see the last bullet. See clause 2 in relation to how the Contracting Entity defines a 'comparable' reference.

- If more references are provided, the Contracting Entity will only assess the five (5) latest references. Latest references mean unconcluded references or references with termination closest to the tender deadline. If more references are unconcluded, the Contracting Entity will assess the references with the latest commencement date.

- The Tenderer must click '+' to fill in more references.

- The references must have been issued within the last three (3) years calculated from the date of expiry of the application deadline.

- The Contracting Entity will disregard references concluded more than three (3) years before the application deadline.

The references must contain the following:

1. Description: Description of the assignment(s) with focus on the elements which make the reference comparable with the minimum requirements, see below. The description may also contain information about the period(s) in which the assignment has been performed (start and conclusion dates).

3. Date: Date for start-up (commencement date) and date for completion (conclusion date) of the most recent assignment listed under 'Description'. For references which have not yet been concluded, the field 'conclusion date' is left blank/empty.

4. Recipients: Customer name incl. contact person and contact person's telephone number.

Minimum level(s) of standards possibly required:

It is a minimum requirement that , the applicant has to provide at least one (1) reference of a dual-pol C-band radar including a radome delivered and installed under similar climate conditions to Denmark (see Appendix 14).

- The minimum requirement can be met by a reference containing the above assignments or by a combination of references from several customers, as long as the references substantiate overall that each of these assignments has been performed for minimum one (1) customer.

VI.3. Additional information

The Tenderer, other entities and associations must, at the Contracting Entity's request, submit documentation for the information provided in the ESPD in connection with the tender. How this documentation must be submitted is described in clauses 5.3.1 and 5.3.2.

The Contracting Entity is entitled, but not obliged, to request the Tenderer, the association's participants or other entities to supplement or specify the received documentation .

-

If the Tenderer, the association's participants or other entities are from Denmark, the documentation is presented in the form of a service certificate from the Danish Business Authority. The service certificate must contain information from:

- The Enforcement Court/the Danish Court Administration
- The Danish Customs and Tax Administration
- The Danish Labour Market Supplementary Pension Fund (ATP)
- The Police (the Danish Central Crime Register) - Please note that a 'declaration of consent' must be filled in, signed and uploaded when ordering the service certificate.

The service certificate is ordered from Virk. The service certificate must be maximum six (6) months old from the date set by the Contracting Entity as the deadline.

The processing time with the Danish Business Authority is approximately two (2) weeks from when the order has been received.

If the Tenderer, one or more of the participants in the association or other entities is/are not from Denmark, the types of documentation stated in e-Certis must generally be produced. E-Certis is an online information system which is to be used to find the right documentation to be used by EU Member States in connection with invitations to tender and procurement procedures. If these countries do not issue the relevant certificates or documents, or if the issued certificates or documents do not cover all the relevant cases, they can be replaced by a sworn declaration.

Such a sworn declaration is not used in the country in question, a solemn declaration may be used instead.

Information provided in the ESPD Part IV – Selection criteria is verified as follows:

- Information about key financial figures may be provided through financial statements or the presentation of a declaration about the Tenderer's total annual turnover and Equity, unless the Contracting Entity can obtain the relevant information directly through access to a national database or the Contracting Entity already has the necessary documentation from previously implemented tendering procedures.
- Submission of documentation is not required for references, the Contracting Entity reserves the right to confirm the correctness of the references with the customers.
