A managed stores solution is where a single merchant delivers a managed service for the provision of building materials to a client. The relationship most commonly involves the merchant supplying all building materials that may be required by the client. The core service is usually delivered through 1 of the following methods:

- The merchants existing branch network, usually with a dedicated stock holding at 1 or more of the branches local to the client;
- From a dedicated standalone stores site operated solely for the client;

- A delivery service;
- Using a combination of the options above.

Additional services the merchant may provide through a managed stores solution may include, but may not be limited to:

- Direct integration with client IT systems;
- Van stock management;
- Provision of welfare facilities at existing branches/standalone stores for use by client staff;
- Waste management facilities and other ancillary services;
- Factoring items from third party suppliers.
