II.2.4. Description of the procurement

The Ministry of Foreign Affairs (UD) invites tenderers to participate in an open tender contest for the procurement of security products. The foreign service consists of UD and approx. 100 foreign service missions.

The purpose of the procurement is to cover the Ministry of Foreign Affairs' need for bulletproof security products, including complete solutions for sluice gates and handling area, as well as security doors

UD is responsible for the physical protection of the foreign service missions. Bulletproof sluice gates and a handling area are used in the perimeter between the public areas and offices.

Emergency exits are secured with steel security doors with a fire classification. In addition the office premises are split into zones that are separated by solid zone doors. This is the most important need and the areas of use that will be covered by the framework agreement. In addition there can be a need to supplement and replace parts of existing security products.

Tenderers must be able to offer tailor-made products for specific measurements (see the various measurements, including intervals, in the price sheet), including measurements that deviate from the measurements stated in the price sheet.

See the tender documentation for further information.
